Section of the Severn River

Legal rights

Are you happy that your legal rights are clear and well defined?

Can you briefly outline your understanding of your legal rights over the stretch of water/s that you own/use/manage *I had assumed to have the same on access free riparian rights*

Would you like to see any changes to your legal rights?

If yes, what changes would you like to see? *Confirmation of my inevitable rights unassisted*

Are you aware of any legislation that existis in other countries that could be used in Wales?

No

Voluntary agreements

Do you have any experience of voluntary agreements for access to the stretch of water/s you own/use/manage

No specific agreement other than for Crested

If yes, please briefly outline the agreements that exist and your experience of how they operate.

Would you like to see any changes to the voluntary agreements?

If yes, what changes would you like to see?

Are you aware of any voluntary arrangements in other countries that could be used in Wales?

No

My stretch of river is a type 3I and SAC designation. How does then access slot in with these systems.
