Cais am wybodaeth.

Diolch am eich cais, a ddaeth i law ar 13 Tachwedd, pan wnaethoch ofyn am y wybodaeth a ganlyn:

- 1. As Wales Government has progressed to be of major importance to Wales, and as our Energy Electric Grid is becoming so variable, does the Wales Government's main Senedd / Government building in Cardiff have installed emergency generators to enable business to continue in times of grid Power Cuts?*
- 2. If they are installed, what is the energy source to drive them e.g. diesel or wind or solar?*
- 3. If they are installed, what is their capacity, and could they share their power with other essential users e.g. nearby health clinic surgeries etc during grid power cuts?*
- 4. The large regional hospital near my home has several large emergency diesel driven generators, will they be required, like diesel vehicles, by Wales Government carbon free policies, to change to storage battery driven generation, to enable the hospital to continue during any grid supply problems?*

Gellir gweld ein hymateb isod.

- 1. As Wales Government has progressed to be of major importance to Wales, and as our Energy Electric Grid is becoming so variable, does the Wales Government's main Senedd / Government building in Cardiff have installed emergency generators to enable business to continue in times of grid Power Cuts?*

Senedd Cymru
Bae Caerdydd
Caerdydd, CF99 1SN

Welsh Parliament

Ffôn/Tel: 0300 200 6544

E-bost/Email: Ceisiadau-gwybodaeth@senedd.cymru
Information-request@senedd.wales

Mae gan ystad Senedd Cymru ym Mae Caerdydd ddau generadur wrth gefn ar y safle, sy'n gwasanaethu adeiladau Tŷ Hywel a'r Senedd.

Fel y dywedwyd yn flaenorol pan wnaethom gydnabod y cais, rydym ond yn cadw gwybodaeth mewn perthynas ag ystad y Senedd ac nid Llywodraeth Cymru. Os hoffech wneud cais am wybodaeth gan Lywodraeth Cymru, anfonwch e-bost at:

Rhyddidgwybodaeth@llyw.cymru

- 2. If they are installed, what is the energy source to drive them e.g. diesel or wind or solar?*

Diesel.

- 3. If they are installed, what is their capacity, and could they share their power with other essential users e.g. nearby health clinic surgeries etc during grid power cuts?*

Mae gan un generadur gapasiti o 800kVA ac mae gan y llall gapasiti o 625kVA. Nid ydynt yn gallu rhannu eu pŵer ag eraill.

- 4. The large regional hospital near my home has several large emergency diesel driven generators, will they be required, like diesel vehicles, by Wales Government carbon free policies, to change to storage battery driven generation, to enable the hospital to continue during any grid supply problems?*

Nid oes gennym unrhyw wybodaeth wedi'i chofnodi mewn perthynas â'ch cais.

Yn gywir

Buddug Saer
Rheolwr Rhyddid Gwybodaeth
Senedd Cymru

Mae eich cais wedi'i ystyried yn unol â'r egwyddorion a nodir yn y **Cod Ymarfer ar Ganiatáu i'r Cyhoedd Wedd Gwybodaeth**. Mae croeso ichi gysylltu â mi os oes gennych unrhyw gwestiynau am yr ymateb hwn. Os ydych yn teimlo bod gennych achos i gwyno, dylech ddilyn y canllawiau isod.

[A oes gennych achos i bryderu neu i gwyno ynghylch yr ymateb a gawsoch i'ch cais?](#)

Os ydych yn anfodlon ar sut y mae Senedd Cymru wedi ymdrin â'ch cais, gallwch ofyn am adolygiad mewnol cyn pen 40 diwrnod gwaith ar ôl dyddiad yr ymateb hwn. Dylid cyfeirio ceisiadau am adolygiad mewnol at y Rheolwr Rhyddid Gwybodaeth drwy ddefnyddio'r cyfeiriad e-bost a ganlyn:

Ceisiadau-gwybodaeth@senedd.cymru neu drwy ysgrifennu at

Senedd Cymru
Llywodraethu a Sicrwydd
Bae Caerdydd
Caerdydd
CF99 1SN

Os nad ydych yn fodlon ar ganlyniad yr adolygiad mewnol, mae'r hawl gennych i wneud cais uniongyrchol i'r Comisiynydd Gwybodaeth am benderfyniad. Gellir cysylltu â Swyddfa'r Comisiynydd Gwybodaeth yn:

Information Commissioner's Office
Wycliffe House
Water Lane
Wilmslow
Cheshire
