Dear Natasha,

Thank you for your written question regarding the investment made in the North Wales Metro to date.

Each of the Metro networks are at different stages of maturity. We are working collaboratively with communities to meet local needs and regional priorities, while meeting our obligations for future generations.

In North Wales, we have put in place the foundations for transformative rail and bus services and active travel. We have invested £800m in new rolling stock which will operate across Wales, including throughout the North Wales Metro area, and over £50m has been allocated to the North Wales Metro programme in the last 3 financial years.

Alongside reducing rural isolation and opening-up job, business and leisure opportunities across North Wales, these plans will also play a vital part in developing the region's wider economy.

Yours sincerely

Lee Waters AS/MS
Y Dirprwy Weinidog Newid Hinsawdd
Deputy Minister for Climate Change
