Note 1: Departmental Expenditure Limit – total provision for budgets classified by HM Treasury as being within Departmental Expenditure Limit (DEL) – including the Wales Office. This statement reflects the latest agreed DEL position.

Note 2: Latest available estimates for Annually Managed Expenditure for 2014-15 that apply to Wales. These are items of expenditure, which are classified as being demand-led and classed as non-assigned budgets. The expenditure is ring-fenced to the items to which it is allocated. The allocations are set by HM Treasury according to the latest forecast of demand.

Note 3: The amount to be retained by the Secretary of State for expenditure on the Wales Office as required to be shown by Section 119 (3) of the Act.

Note 4: Total Managed Expenditure is calculated on an accruals basis, these adjustments are made as Section 119 (1) (a) of the Act states that this estimate should provide details of payments to the Consolidated Fund, these payments are in the form of cash only.

Note 5: Supported Borrowing is also deducted from Total Managed Expenditure on the same principle as accruals adjustments.

Note 6: Receipts to be deducted from Total Managed Expenditure to arrive at the cash grant to the Welsh Consolidated Fund. The two main categories of receipt are contributions from the National Insurance Fund and National Non Domestic Rates.

- (i) The payments from the National Insurance Fund total the Secretary of State's estimate of amounts payable to Welsh Ministers under Section 119 1(b)
- (ii) The payments from the National Non Domestic Rates total the Secretary of State's estimate of amounts payable to Welsh Ministers under Section 119 1 (c).

This statement details the Secretary of State's estimate of payments to Welsh Ministers under Section 119 1(b) and (c). Welsh Ministers may receive other payments during the financial year.

Note 7: This is the amount the Secretary of State estimates will be paid to the Welsh Consolidated Fund under Section 118(1) of the Act.
