20th February 2014

Dear Angela

Thank you for your query to Huw Lewis AM, Minister for Education and Skills, for reply by 12th February 2014, concerning Play Wales's expenditure on publishing and distribution in the last five years. As this matter falls within my portfolio I have been asked to reply.

I am not in a position to answer this question because the Welsh Government does not hold this information.

This information will be available from Play Wales itself or through the organisation's published Financial Statements.

I hope this helps

Yours sincerely
