Dear Ann

You raised a question in plenary on Wednesday 27 November in relation to North Wales Police moving away from the control room premises in Crud Y Dderwyn on the St Asaph business park which is a joint venture with North Wales Fire and Rescue Authority.

My officials are meeting with the North Wales Chief Fire Officer on 11 December and I have asked them to raise this matter with him.

I will contact you again once an update has been received.

Regards
Lesley
