Cyflwyniad y Prif Weithredwr

Chief Executive's Introduction

Rwyf yn falch iawn i allu adrodd yn ôl i Cadw lwyddo i gyflawni pob un ar wahân i un o dri charged ar ddeg yr Asiantaeth yn ystod 2000–01 — sy'n welliant ar y tair blynedd flaenorol — ac rwyf yn dra diolchgar i bawb a gyfrannodd at y canlyniad hwn am eu hymdrechion. Cyflawnwyd y targed cynnal a chadw cadwraeth (sef cwblhau 90% o'r rhaglen a nodwyd) unwaith eto, o drwch blewyn, a fyddai wedi bod yn llawer mwy pe na fu'n rhaid tynnu carfanau yn ôl o rai safleoedd gwledig oherwydd yr achosion cyntaf o glwy'r traed a'r genau a gafwyd tuag at ddiwedd y flwyddyn ariannol. Parhaodd y rhagleni cadwraeth mawr yng Ngwaith Haearn Blaenafon — sy'n rhan o'r tirlun diwydiannol a enillodd gydnabyddiaeth fel Safle Treftadaeth y Byd gan Fudiad Addysgol, Gwyddonol a Diwylliannol y Cenhedloedd Unedig (UNESCO) ym mis Tachwedd 2000. Ym mis Mehefin agorwyd Amgueddfa Gerrig Margam i'r cyhoedd ar ôl gwaith ailwampio sylwedol, ac ym mis Gorffennaf agorwyd Castell St Quentin ym Mro Morganwg — a atgyfnethwyd yn helaeth mewn blynnyddoedd blaenorol.

Rhagorwyd ar y targedau ar gyfer y rhestrau cymuned newydd (arolwg rhestru Cymru) a'r gweithrediadau cofrestru o un — cwblhawyd 81 o restrau a chyflawnwyd 121 o weithrediadau cofrestru. Datryswyd achosion rhestru ad hoc o fewn terfynau amser, a gosodwyd targed mwy llym ar gyfer eleni. Cyflawnwyd y targedau amseroldeb sy'n gysylltiedig ag achosion caniatâd hefyd, ac yn yr un modd ar gyfer achosion caniatâd henebion cofrestredig rydym wedi codi'r targed yn 2001–2002, a byddwn yn anelu at ddelio â 90% ohonynt (75% gynt) o fewn y cyfnod penodedig. Ymdriniwyd â cheisiadau am grant adeiladau hanesyddol a henebion o fewn y targedau terfynau amser, a felly hefyd y ceisiadau am daliadau. Yn ystod y flwyddyn adolygasom drefniadau grant a chyflwyno pum is-gynllun ar gyfer adeiladau hanesyddol, y gobeithiwn a fydd yn helpu tuag at darged a hysbysebu'r cymorth sydd ar gael yn fwy effeithiol. Rydym hefyd wedi adolygu'r trefniadau ar gyfer gweithredu ein partneriaethau cynlluniau trefi (gydag awdurdodau lleol), fel bod cynlluniau cadwraeth yn y dyfodol a'r strategaethau gweithredu yn cael eu llunio ar y dechrau er mwyn llywio'r dosraniad cymorth grant.

Bu'r llynedd yn flwyddyn anodd ar gyfer twristiaeth yng Nghymru, wrth i Cadw, fel nifer o atyniadau eraill, ddioddef gostyngiad o ran nifer yr ymwelwyr sy'n talu ac incwm. Gostyngodd y niferoedd o ychydig dros 50,000 i 1.12 miliwn, sef gostyngiad o ychydig yn llai na 5%, a gostyngodd incwm o tua'r un gyfran er gwaethaf llwyddiant o ran y gweithgarwch manwerthu a chynnnydd yn y diddordeb yng nghynllun aelodaeth Cadw. O ganlyniad methodod Cadw yn glir â chyrraedd ei darged 'cost fesul ymwelydd'. (Mae Cadw yn gwario mwy ar gyflwyno'r henebion nag yr enillir mewn incwm, ac felly mae'n bosibl nodi targed 'cost net fesul ymwelydd', sef 35 ceiniog yn 2000–01, yn erbyn targed o 25 ceiniog). Fodd bynnag, cynyddodd ein cyfran marchnad o nifer yr ymwelwyr i'r 20 safle treftadaeth uchaf yng Nghymru o 62% i 64% — sydd un y cant uwchben y targed — a oedd yn galonogol ynddo'i hun, ond roedd hefyd yn awgrymu y byddai'n

I am delighted to be able to report that in 2000–01 Cadw was able to achieve all but one of its thirteen Agency targets — an improvement on the previous three years — and I am most grateful for the efforts of all those who contributed to this result. The conservation maintenance target (to complete 90% of the identified programme) was once again achieved, by a very small margin, which would have been greater had it not been for the withdrawal of squads from some rural sites because of the outbreak of foot-and-mouth disease towards the close of the financial year. Major programmes of conservation continued at Blaenavon Ironworks — part of the industrial landscape which achieved recognition by UNESCO as a World Heritage Site in November 2000. After extensive refurbishment Margam Stones Museum was opened to the public in June, and St Quentin's Castle in the Vale of Glamorgan — extensively consolidated in previous years — was opened in July.

Targets for new community lists (the listing survey of Wales) and scheduling actions were each exceeded by one — 81 lists were completed and 121 scheduling actions took place. Ad hoc listing cases were resolved within timescales, and the target has been made more exacting for the current year. Timeliness targets associated with consent cases were also met, and similarly for scheduled monument consent cases we have raised the target in 2001–02, and will aim to deal with 90% of them (previously 75%) within the allocated period. Grant applications for both historic buildings and ancient monuments were handled within target timescales, as were claims for payment. In the course of the year we reviewed grant arrangements and introduced five sub-schemes for historic buildings, which we hope will help in targeting and publicizing the available aid more effectively. We have also revised arrangements for the operation of our town scheme partnerships (with local authorities), so that in future conservation plans and delivery strategies will be drawn up at the outset to guide the distribution of grant assistance.

Last year was a difficult one for tourism in Wales and, like other attractions, Cadw suffered a decline both in numbers of paying visitors and income. Numbers were down by just over 50,000 to 1.12 million, a decline of just under 5%, and income fell by roughly the same proportion despite success in retail activity and rising interest in Cadw's membership scheme. As a result Cadw fell well short of its 'cost per visitor' target. (Cadw spends more on presenting the monuments than we earn in income, and so it is possible to identify a 'net cost per visitor'. This was 35 pence in 2000–01, against a target of 25 pence). However, our market share of the number of visitors to the top twenty heritage sites in Wales actually increased from 62% to 64% — one per cent above target — which was encouraging in itself, but also indicated that the factors that contributed to a decline in absolute

rhaid i'r ffactorau a gyfrannodd at ostyngiad yn y niferoedd absoliwt (yn arbennig y bunt gref a thuuddiadau cyffredinol yn niwydiant twristiaeth Cymru) wanhan cyn i'r niferoedd wella. Cafodd y tywydd gwlyb iawn dros yr haf y llynedd (a berodd lifogydd mawr) yn ogystal ag argyfwng clwy'r traed a'r genau (o Chwefror 2001) effaith hefyd.

Mae'n blesar cydnabod unwaith eto'r cyngor a'r gefnogaeth werthfawr a dderbyniodd Cadw ganaelodau'r Bwrdd Henebion a'r Cyngor Adeiladau Hanesyddol — sef ymgynghorwyr statudol y Cynulliad Cenedlaethol ar faterion treftadaeth. Rwyf yn ddiolchgar iddynt am eu help a'u cydweithrediad dros y flwyddyn ddiwethaf, ac i lawer o bobl eraill sy'n gyfrifol am ofalu am amgylchedd hanesyddol Cymru a'i gyflwyno i'r cyhoedd. Yn benodol, rwyf yn gwerthfawrogi'r cyswllt agos a esblygodd gyda swyddogion cadwraeth mewn awdurdodau lleol yng Nghymru, y cyfarfuom yn aml â hwy ar sail ad hoc ac yn ein Fforwm Treftadaeth Adeiledig ddwywaith y flwyddyn.

numbers (especially a strong pound and general trends in the Welsh tourist industry) would need to abate before numbers recover. The very wet weather last summer (which brought extensive flooding) and the outbreak of foot-and-mouth disease (from February 2001) also had an impact.

I have pleasure once again in acknowledging the invaluable advice and support which Cadw received from the members of the Ancient Monuments Board and the Historic Buildings Council — the National Assembly's statutory advisers on heritage matters. I am grateful to them and to many others charged with the care and presentation of the historic environment of Wales for their help and co-operation over the past year. In particular, I appreciate the close contact which has evolved with conservation officers in the Welsh local authorities, whom we meet frequently on an ad hoc basis and at our twice-yearly Built Heritage Forum.

Amcanion

Hyrwyddo diogelu adeiladau o ddiddordeb pensaerniol neu hanesyddol arbennig drwy weithredu pwerau statudol y Cynulliad Cenedlaethol i restru adeiladau o'r fath, gweithredu gweithdrefnau caniatâd adeiladau rhestridig statudol a chynnig cyngor a chymorth ariannol mewn perthynas â chynnal a chadw adeiladau.

Ailarolwg Rhestru

Mae cwblhau'r ailarolwg rhestru yng Nghymru, fusel ardal gymunedol, yn dasg fawr ac mae'n ffurfio craidd cyfraniad Cadw tuag at nodi a diogelu adeiladau hanesyddol Cymru. Cyhoeddwyd wythdeg un o restrau yn ystod y flwyddyn, sy'n rhagori ychydig ar ein targed allweddol. Gofynnwyd i Cadw hefyd ystyried ar frws rhestru adeiladau y tybiwyd eu bod o dan fygythiad — cafwyd 144 o geisiadau (deuddeg yn fwy na'r llynedd) am arolygu gan arwain at restru 26 o adeiladau. Datryswyd naw deg y cant o geisiadau o'r fath o fewn y cynnod targed.

At ei gilydd, rhestrwyd 1,878 o adeiladau yn ystod y flwyddyn, sy'n gynnydd sylweddol ar y llynedd, gan ddod â'r cyfanswm i 25,430 ar 31 Mawrth 2001. Rydym yn prysur gyrraedd y nod o gyflawni ein targed o gwblhau'r ailarolwg cenedlaethol erbyn 2005.

Cwblhawyd arolwg thematig Cadw o gapeli — a ddechreuwyd ddwy flynedd ynghynt — cyn y nod o fis Medi 2000. At ei gilydd, cwmpaswyd 269 o ardaloedd cymunedol gan yr arolwg a ychwanegodd at ganlyniad ein gwaith rhestru cyffredinol ac erbyn diwedd yr arolwg sicrhawyd bod pob capel yng Nghymru wedi'i asesu ar gyfer ei restru.

Caniatâd Adeiladau Rhestredig

Datrysodd yr Asiantaeth 91% o'r achosion a gyfeiriwyd ati gan awdurdodau cynllunio o fewn 4 wythnos, sy'n gynnydd o 6% ar y flwyddyn flaenorol ac ymhell y tu hwnt i'r targed o 80%. Gostyngodd y nifer o achosion cyfeirio i Cadw ryw ychydig ar y flwyddyn flaenorol — i lawr o 832 i 760 — er bod y duedd gyffredinol yn parhau i gynyddu gydag achosion cyfeirio yn adlewyrchu cynnydd o 8% ar 1998–99. Cynyddodd y nifer o geisiadau gan awdurdodau lleol a aseswyd gan Cadw ryw fymryn, sef 35 (gan gynnwys dau ar gyfer caniatâd ardal gadwraeth). Galwyd un ar ddeg o achosion i mewn er mwyn i'r Cynulliad Cenedlaethol benderfynu arnynt, ac mewn llawer o achosion eraill arweiniodd trafodaeth rhwng swyddogion proffesiynol Cadw, yr ymgeisydd a'r awdurdod cynllunio at newidiadau i gynigion a oedd o fudd i'r dreftadaeth.

Cysylltiadau ag Awdurdodau Lleol

Parhaodd Cadw i ymdrechu i gynnal awdurdodau lleol wrth iddynt gyflawni eu dyletswyddau o ran treftadaeth adeiledig. Mae cyfarfod y Fforwm Treftadaeth Adeiledig wedi parhau ddwywaith y flwyddyn a buont yn ddefnyddiol iawn wrth gynnal deialog ag awdurdodau yn ogystal â sefydliadau eraill sy'n gweithio yn y maes cadwraeth — megis Cronfa Treftadaeth y Loteri (HLF) a Chyngor Cefn Gwlad

Objectives

To promote the preservation of buildings of special architectural or historic interest through the exercise of the National Assembly's statutory powers to list such buildings, the operation of statutory listed building consent procedures and the provision of advice and financial assistance in relation to the maintenance of buildings.

Listing Resurvey

Completion of the listing resurvey of Wales, community area by community area, is a major undertaking and forms the core of Cadw's contribution towards the identification and protection of the Principality's historic buildings. Eighty-one lists were published in the course of the year, just exceeding our key target. Cadw was also asked to consider urgently for listing buildings which were deemed to be under threat — 144 requests for inspection were received (12 more than last year) and these resulted in the listing of 26 buildings. Ninety per cent of such requests were resolved within the target period.

In all, 1,878 buildings were listed in the year, a significant increase on last year, bringing the total to 25,430 at 31 March 2001. We are on target to see the national resurvey completed by 2005.

Cadw's thematic survey of chapels — begun two years earlier — was completed ahead of schedule by September 2000. In total 269 community areas were covered by the survey which augmented the results from our general listing work and ensured that by its conclusion all chapels in Wales had been assessed for listing.

Listed Building Consents

The Agency resolved within 4 weeks 91% of the cases referred to it by planning authorities, an increase of 6% on the previous year and significantly exceeding the target of 80%. The number of referrals to Cadw fell a little on the previous year — down from 832 to 760 — although the general trend is still upwards with referrals reflecting an increase of 8% on 1998–99. The number of applications from local authorities assessed by Cadw was slightly up at 35 (including two for conservation area consent). Eleven cases were 'called-in' for determination by the National Assembly, and in many other cases discussion between Cadw's professional officers, the applicant and the planning authority led to alterations in proposals which were of benefit to the heritage.

Links with Local Authorities

Cadw maintained its effort to support local authorities in fulfilling their duties with regard to the built heritage. Twice-yearly meetings of the Built Heritage Forum have continued and have been useful in maintaining a dialogue with authorities as well as other organizations working in the field of conservation, such as the Heritage Lottery Fund (HLF) and the Countryside Council for Wales, which made a

Mae swyddogion Cadw wedi cyngori awdurdodau lleol wrth iddynt barato a llunio cynigion yn fanwl o dan Fenter Treftadaeth Treftadaeth HLF, darparu cymorth ad hoc ar nifer o faterion, ac wedi cynnal seminarau rhanbarthol ar drefniadau newydd ar gyfer partneriaethau Cynlluniau Trefi.

Mae'r Asiantaeth wedi rhoi blaenoriaeth i nodi adeiladau sydd mewn perygl ac yn ystod y flwyddyn cynyddodd y cynnig o nawdd i awdurdodau lleol o 50% i 80% i'w helpu i gasglu cofrestrau adeiladau lleol sydd mewn perygl. Roedd un cynllun ar bymtheg o'r fath wedi'u cwblhau neu roeddent ar waith ar 31 Mawrth 2001.

Mynediad i'r Cyhoedd

Mae mynediad i'r cyhoedd am ddeng mlynedd yn un o amodau grant Cadw ar gyfer adeiladau eithriadol. Mae Cadw'n cyhoeddi manylion yr adeiladau y mae wedi rhoi cymorth grant iddynt a gellir dod o hyd i'r rhain ar wefan Cadw ar <http://www.cadw.wales.gov.uk>. Mae system fonitro yn ei lle a dylid dwyn achosion lle y gwrthodwyd mynediad i sylw Cadw fel y gellir cymryd camau i wella hynny. Yn ystod y flwyddyn ymchwiliodd Cadw i ddau achos o'r fath a'u datrys.

Grantiau Adeiladau Hanesyddol

Mae argaeledd parhaus grantiau tuag at gostau atgyweirio ar gyfer adeiladau hanesyddol pwysicaf Cymru a thuag at atgyweiriadau a fydd yn gwella ardaloedd cadwraeth yn weledol yn elfen allweddol o'r cymorth y mae'r Asiantaeth yn ei roi i'r dreftadaeth. Yn sgil adolygiad o drefniadau grantiau, o 1 Ionawr 2001 cyflwynwyd pum is-gynllun (yn cwmpasu adeiladau sy'n eiddo i sefydliadau crefyddol, ymddiriedolaethau ac elusennau, unigolion preifat, mentrau masnachol ac awdurdodau cyhoeddus) gyda'r nod o dargedu a hysbysebu'r cymorth sydd ar gael yn fwy effeithiol.

Yn ystod y flwyddyn, ystyriwyd 202 o geisiadau am grantiau ar gyfer adeiladau eithriadol a gwaith i

presentation on the Tir Gofal scheme to the May 2000 meeting. Cadw officials have advised local authorities in the preparation and fine-tuning of bids under the HLF's Townscape Heritage Initiative, provided ad hoc help on a number of issues and held regional seminars on new arrangements for Town Scheme partnerships.

The Agency has given priority to identifying buildings at risk and in the course of the year increased the offer of funding to local authorities from 50% to 80% to help them compile local buildings at risk registers. Sixteen such initiatives had been completed or were underway at 31 March 2001.

Public Access

Public access for ten years is a condition of Cadw grant for outstanding buildings. Cadw publishes details of the properties it has aided and these can be found on Cadw's web site at <http://www.cadw.wales.gov.uk>. Monitoring is in place and cases in which access is denied should be brought to Cadw's attention so that remedial action can be taken. In the course of the year Cadw investigated and resolved two such cases.

Historic Buildings Grants

The continued availability of grants towards the cost of repairs to the most important of Wales's historic buildings and towards repairs of visual significance in conservation areas is a key component of the Agency's support for the heritage. Following a review of grant arrangements, from 1 January 2001 five sub-schemes were introduced (covering buildings owned by religious organizations, trusts and charities, private individuals, commercial enterprises and public authorities) with the aim of targeting and publicizing the available aid more effectively.

During the year, 202 applications for grants for outstanding buildings and works to buildings in

adeiladau mewn ardaloedd cadwraeth a gwnaed 116 o gynigion grant 'mewn egwyddor'. Gwerth y grantiau 'mewn egwyddor' a gynigiwyd yn 2000–01 oedd £3.7 miliwn a chyfanswm y grant a neilltuwyd (ond nas talwyd) ar 31 Mawrth 2001 oedd tua £4 miliwn.

Derbyniodd perchenogion preifat £0.446 miliwn a thalwyd £0.065 miliwn pellach i awdurdodau lleol am atgyweiriadau i'w hadeiladau hanesyddol. Derbyniodd yr Ymddiriedolaeth Genedlaethol £0.294 miliwn, gan gynnwys cymorth i gostau a gronoddwr wrth gynnal Castell y Waun, a gwaith yng Nghastell Penrhyn a Chastell Powis. Yn 2000–01, talwyd £1.123 miliwn am waith a wnaed ar adeiladau crefyddol, gan gynnwys Mynachdy Ynys Bŷr, Sir Benfro ac Eglwys Sant Cynfarch, Yr Hob, Sir y Fflint.

Parhawyd i sianelu cymorth ar gyfer eglwysi segur i Friends of Friendless Churches, sy'n gofalu am nifer o adeiladau yng Nghymru. Daeth dau adeilad pellach i feddiant y sefydliad oddi wrth yr Eglwys yng Nghymru yn ystod y flwyddyn a chytunwyd ar raglen nawdd gyda Cadw i sicrhau adferiad parhaus a mynediad i'r cyhoedd ar gyfer yr adeiladau pwysig hyn.

Nododd Ymddiriedolaeth Adeiladau Crefyddol Cymru, a sefydlwyd yn ffurfiol yn ystod y flwyddyn flaenorol, ddau gapel segur pwysig i'w caffael a'u hadfer wedi hynny. Mae Cadw yn edrych ymlaen at gynorthwyo'r Ymddiriedolaeth gyda chymorth ariannol ar gyfer atgyweiriadau hanesyddol ac at weld yr Ymddiriedolaeth yn diogelu capeli eithriadol, ond segur eraill a fyddai wedi'u colli fel arall.

conservation areas were considered and 116 'in principle' grant offers made. The value of 'in principle' grants offered in 2000–01 totalled £3.7 million and the total grant committed (but unpaid) at 31 March 2001 was some £4 million.

Private owners received £0.446 million and a further £0.065 million was paid to local authorities for repairs to their historic buildings. The National Trust received £0.294 million, including assistance to costs incurred in maintaining Chirk Castle and works to Penrhyn and Powis Castles. In 2000–01, £1.123 million was paid for work undertaken to religious buildings, including Caldey Island monastery, Pembrokeshire and St Cynfarch's Church, Hope, Flintshire.

Assistance for redundant churches continued to be channelled to the Friends of Friendless Churches, which cares for a number of buildings in Wales. The organization acquired two more buildings from the Church in Wales during the year and a programme of funding was agreed with Cadw to ensure the continued restoration and access for the public to these important buildings.

The Welsh Religious Buildings Trust, which was formally established during the previous year, identified two important redundant chapels for possible acquisition and subsequent restoration. Cadw looks forward to assisting the Trust with financial assistance for historic repairs and to the Trust securing other outstanding, but redundant, chapels which would otherwise be lost.

Partneriaethau Cylluniau Tref Hanesyddol

Daeth cyfraniad Cadw i'r 34 cyllun a weithredai yn 2000–01 at gyfanswm o £0.368 miliwn. Yn ystod y flwyddyn, gwnaeth Cadw rai newidiadau i'w drefniadau ar gyfer partneriaethau o'r fath a fyddai'n gwneud y cynlluniau'n fwy effeithiol gan roi mwy o ffocws iddynt a rhoi mwy o gyfrifoldeb am eu gweithredu i'r awdurdodau lleol. Gofynnodd Cadw i'r awdurdodau lleol baratoi cynlluniau cadwraeth a strategaethau gweithredu y byddai'r Cynlluniau Treftadaeth yn seiliedig arnynt yn y dyfodol. Cyflwynodd nifer o awdurdodau gylluniau newydd a disgwylir i eraill wneud hynny dros y flwyddyn sydd i ddod.

Y Sector Gwirfoddol

Dyrannwyd rhwng £60,000 i Ymddiriedolaeth Ddinesig Cymru, a gydlynodd ymateb Cymru unwaith eto i'r fenter Diwrnodau Treftadaeth Ewropeaidd. Caniataodd hyn 17,000 o ymweliadau i 160 o safleoedd yng Nghymru nad ydynt fel arfer ar agor i'r cyhoedd. Yn anffodus, am fod y diwrnodau agored wedi cyd-daro â'r argyfwng tanwydd roedd nifer yr ymwelwyr yn is na'r flwyddyn flaenorol, ond yn 2001 mae'r Ymddiriedolaeth yn trefnu tri phenwythnos treftadaeth a fydd yn sicrhau bod hyd yn oed mwy o safleoedd hanesyddol yng Nghymru ar agor i'r cyhoedd.

Cronfa Treftadaeth y Loteri

Mae Cadw yn darparu cyngor arbenigol i Gronfa Treftadaeth y Loteri ar geisiadau sy'n ymwneud ag adeiladau hanesyddol a henebion, ac ymdriniodd ag 20 o geisiadau yn 2000–01. Hyd yma bu 12 cais yn llwyddiannus. Yn ogystal, rhoddodd Cadw gyngor arbenigol ar geisiadau gan awdurdodau lleol i Gronfa Treftadaeth y Loteri ar gyfer nawdd o dan ei Fenter Treftadaeth Trefluniau. Cymeradwywyd wyt project Treftadaeth Trefluniau mewn trefi hanesyddol yng Nghymru, gyda'r posiblwydd y caiff pedwar pellach eu cymeradwyo yn 2001–02. Mae Cadw yn bartner cyllido ym mhob un o'r cynlluniau hyn sy'n cynnig potensial mawr nid ar gyfer cadwraeth adeiladau hanesyddol yn unig ond hefyd ar gyfer adfywiad economaidd a chymdeithasol cymunedau lleol.

Mynediad i'r Anabl i Adeiladau Hanesyddol

Ar ddiwedd y flwyddyn ymgynghorodd Cadw ag awdurdodau lleol, grwpiau anabledd a sefydliadau eraill sydd â diddordeb ar arweiniad drafft ynglŷn â sut i ddarparu mynediad corfforol ar gyfer pobl anabl i adeiladau hanesyddol. Mae'r Ddeddf Gwahaniaethu ar Sail Anabledd yn ei wneud yn ofynnol fod addasiadau yn cael eu gwneud i adeiladau o'r fath lle y bo'n rhesymol gwneud hynny, ond, yn ogystal, mae angen caniatâd adeilad rhestredig ar unrhyw addasiadau i adeiladau rhestredig. Bydd yr arweiniad yn cynnwys astudiaethau achos ac yn dadlau dros archwiliad o gyfleoedd mynediad, gan y bydd datrysiaid boddhaol yn aml yn dibynnu ar ddyfeisgarwch ac archwiliad llawn o'r holl opsiynau. Caiff yr arweiniad ei gyfeirio at berchenogion adeiladau i'w galluogi hwy i gyflawni eu dyletswydau o dan y Ddeddf Gwahaniaethu ar Sail Anabledd, ac at awdurdodau lleol ac eraill wrth iddynt ystyried ceisiadau am addasiadau i adeiladau rhestredig.

Historic Town Scheme Partnerships

Cadw's contribution to the 34 schemes operating in 2000–01 amounted to £0.368 million. During the year, Cadw made some changes in its arrangements for such partnerships which would make the schemes more focused and effective and give more responsibility for their operation to the local authorities. Cadw asked local authorities to prepare conservation plans and delivery strategies on which the Town Schemes would, in future, be based. Several authorities came forward with new plans and others are expected to do so in the coming year.

Voluntary Sector

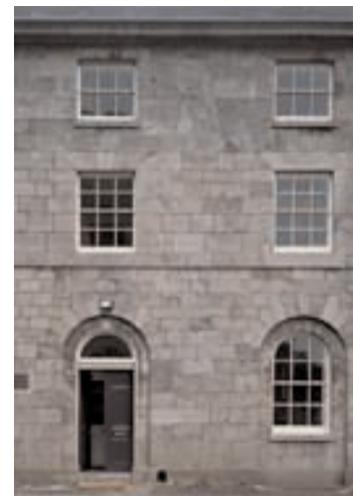

Some £60,000 was allocated to the Civic Trust for Wales, which again co-ordinated Wales's response to the European Heritage Days initiative. This allowed 17,000 visits to 160 sites in Wales which are not normally open to the public. Because the open days unfortunately coincided with the fuel crisis visitor numbers were down on the previous year, but in 2001 the Trust is organizing three heritage weekends which will ensure that even more historic sites in Wales will be open to the public.

Heritage Lottery Fund

Cadw provides expert advice to the HLF on applications involving historic buildings and monuments, and dealt with 20 applications in 2000–01. To date 12 applications have been successful. In addition, Cadw provided expert advice on applications by local authorities to the HLF for funding under its Townscape Heritage Initiative (THI). Eight THI projects have been approved in historic towns in Wales, with potentially a further four being approved in 2001–02. Cadw is a funding partner in each of these schemes which offer great potential not only for historic building conservation but also for the economic and social regeneration of local communities.

Access for the Disabled to Historic Buildings

At the end of the year Cadw consulted local authorities, disability groups and other interested organizations on draft guidance on how to provide physical access for disabled people to historic buildings. The Disability Discrimination Act (DDA) requires that alterations be made to such buildings where it is reasonable to do so, but any alterations to listed buildings also require listed building consent. The guidance will include case studies and advocate an access audit, since a satisfactory solution will often depend upon innovative thinking and a full exploration of all the options. Guidance will be directed at owners of buildings to enable them to fulfil their duties under the DDA, and at local authorities and others as they consider applications for alterations to listed buildings.

Amcanion

Hyrwyddo'r gwaith o gofnodi a gwarchod henebion drwy arfer pwerau'r Cynulliad Cenedlaethol yn effeithlon i gofrestru henebion o'r fath, gweithredu gweithdrefnau caniatâd henebion cofrestredig a darparu cyngor a chymorth ariannol mewn perthynas â chynnal a chadw henebion nad ydynt o dan ofalaeth y Cynulliad Cenedlaethol.

Henebion Cofrestredig

Yn ystod y flwyddyn cwbllhawyd 121 o weithrediadau cofrestru mewn perthynas â tharged o 120. Darparodd naw deg pump y cant o'r rhain ddiogelwch ychwanegol, sydd gryn dipyn yn uwch na'r targed o 90%.

Parhaodd dwy o'r prif raglenni cofrestru o'r flwyddyn flaenorol, gyda 54 safle claddu a safle defodol cynhanesyddol a chafodd 36 anheddiad gwledig canoloesol ac ôl-ganoloesol anghyfannedd eu diogelu. Cafodd deunaw safle diwydiannol newydd eu cofrestru, gan ganolbwytio ar weddillion y diwydiannau llechi a chloddio am fetel. O ddiddordeb arbennig yr oedd gweddillion pentref anghyfannedd yn Nhrefforys yng Ngwynedd, a godwyd yn yr 1850au i wasanaethu Chwarel Lechi Gorseddau. Cafodd pump o'r nodweddion pwysicaf yn Rhodfa Bictiwrésg Piercefield, uwchben afon Gwy yn Sir Fynwy, eu cofrestru — y Groto, yr Alcof, y Llwyfan, Ogof y Cawr a'r Baddon Oer.

Lluniodd yr Asiantaeth 22 o gytundebau rheoli newydd â deiliad henebion i ddarparu gwaith atgyweirio priodol, rheoli a mynediad i'r cyhoedd.

Penderfynwyd ar nawdeg naw o geisiadau caniatâd henebion cofrestredig sy'n gynnydd o 25% ar y flwyddyn flaenorol. Er gwaetha'r cynnydd, aeth y gyfradd berfformiad ar gyfer datrys yr achosion hyn (93% o fewn 13 wythnos) ymhell y tu hwnt i'r targed allweddol o 75%. Penderfynwyd ar nawdeg chwech y cant o'r ceisiadau o fewn 17 wythnos, gan fynd y tu hwnt i'r targed o 90%.

Grantiau Henebion

Gwnaed tri deg pump o gynigion am gymorth grant, cyfanswm o £0.384 miliwn, i berchenogion 33 o henebion gwahanol yn ystod y flwyddyn.

Dylanwadwyd ar raglen grant Cadw gan safbwytiau Bwrdd Henebion Cymru a argymhellodd, yn ei adroddiad blynnyddol yn 2000, y dylai Cadw ganolbwytio peth o'i gymorth grant ar henebion mwyaf eithriadol a phwysicaf diwydiannau arbennig o'r gorffennol, yn enwedig y rheini sydd mewn perygl. Roedd aelodau'r Bwrdd hefyd o'r farn ei fod yn hanfodol gweithio mewn partneriaeth â sefydliadau eraill i gyflawni'r nod hwn. Nododd Cadw 30 safle diwydiannol o werth eithriadol lle y digwydd colledion arwyddocaol neu sy'n debygol o ddigwydd yn y dyfodol agos. Mae Cadw yn edrych ar bartneriaethau ag eraill yng nghyd-destun 17 o'r henebion hyn. Ymhilith y rhai mwyaf eithriadol i dderbyn cymorth grant yn ystod y flwyddyn oedd pont dramffordd Pwll-y-llygod, Sir Gaerfyrddin; Injan

Objectives

To promote the recording and conservation of ancient monuments through the efficient exercise of the National Assembly's powers to schedule such monuments, the operation of the scheduled monument consent procedures and the provision of advice and financial assistance in relation to the maintenance of monuments not in the guardianship of the National Assembly.

Scheduled Monuments

During the year 121 scheduling actions were completed against a target of 120. Ninety-five per cent of these provided additional protection, significantly more than the 90% target.

Two of the main scheduling programmes from the previous year continued, with 54 prehistoric burial and ritual sites and 36 further deserted medieval and post-medieval rural settlements afforded protection. Eighteen new industrial sites were scheduled, concentrating on the remains of the slate and metal mining industries. Of particular interest were the remains of the deserted village at Treforys in Gwynedd, built in the 1850s to serve Gorseddau Slate Quarry. Five of the most important features of the famous eighteenth-century Picturesque Piercefield Walk, above the river Wye in Monmouthshire, were scheduled — the Grotto, Alcove, Platform, Giant's Cave and Cold Bath.

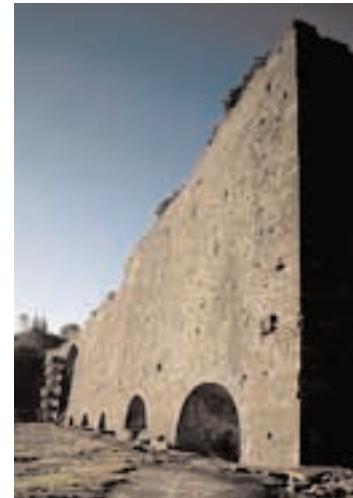

The Agency entered into 22 new management agreements with occupiers of ancient monuments to provide for appropriate works of repair, management and public access.

Ninety-nine scheduled monument consent applications were determined, an increase of 25% on the previous year. Despite the rise, the rate of performance for the resolution of these cases (93% within 13 weeks) significantly exceeded the key target of 75%. Ninety-six per cent of the applications were determined within 17 weeks, exceeding the target of 90%.

Ancient Monument Grants

Thirty-five offers of grant, worth a total of £0.384 million, were made to the owners of 33 separate monuments during the year.

Cadw's grant programme was influenced by the views of the Ancient Monuments Board for Wales who, in their 2000 annual report, recommended that Cadw should focus some of its grant-aid on the most distinctive and important monuments of particular past industries, especially those at risk. Members of the Board also felt that it was essential to work in partnership with other organizations to achieve this aim. Cadw has identified 30 industrial sites of exceptional value where significant losses are occurring or are likely to occur in the near future and initiatives, several in partnership with others, are being pursued at 17 of these monuments. Among the most notable to be grant-aided during the year were Pwll-y-llygod tramroad bridge, Carmarthenshire; Dorothea Beam Engine,

Archeoleg

Parhaodd Cadw i ddarparu cefnogaeth ariannol ar gyfer gwaith pedair Ymddiriedolaeth Archeolegol Cymru. Dyrannwyd ychydig dros hanner y nawdd hwn ar gyfer gwaith rheoli datblygiad a threftadaeth yr ymgwymerwyd ag ef gan yr Ymddiriedolaethau. Defnyddiwyd y rhan fwyaf o'r arian a oedd yn weddill ar gyfer parhau i gefnogi'r tri phrif asesiad sy'n gysylltiedig â pherygl yn cwmpasu henebion ledled Cymru.

Yn y cyntaf o'r rhain, cofnodwyd tua 1,500 o safleoedd claddu a safleoedd defodol cynhanesyddol fel rhan o broject tymor hwy i asesu'r tua 5,000 o henebion hynny sy'n parhau heb eu cofrestru. Yn ogystal â dynodi safleoedd newydd ar gyfer cofrestru a llunio arolygon cyflwr, mae'r ymarferiad hwn yn gwella cronfeydd data lleol a chenedlaethol ac yn darparu gwybodaeth ar gyfer rheoli datblygiad a threftadaeth. Yn ystod y flwyddyn cwblhawyd gwaith maes ar broject tebyg i gofnodi aneddiadau canoloesol ac ôl-ganoloesol ar gyfer Cymru gyfan ar wahân i rai ardaloedd yn y de-orllewin. Yn olaf, ar 31 Mawrth 2001 roedd cyfanswm yr astudiaethau tirwedd hanesyddol manwl a gwblhawyd dros y tair blynedd diwethaf wedi cynyddu i 21. Neilltuwyd pedair ar bymtheg o'r rhain i 'dirweddau eithriadol' a dwy at dirweddau 'arbennig' a gynhwyswyd yn y Gofrestr o Dirluniau o Ddiddordeb Hanesyddol yng Nghymru.

Archaeology

Cadw continued to provide financial support for the work of the four Welsh Archaeological Trusts. Just over half this funding was allocated to the development control and heritage management work undertaken by the Trusts. Much of the remainder was devoted to the continued support of three major threat-related assessments covering monuments across the whole of Wales.

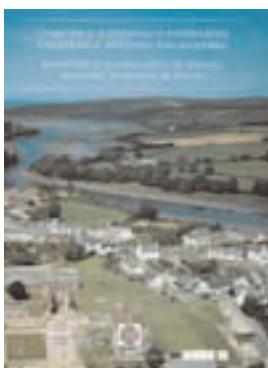

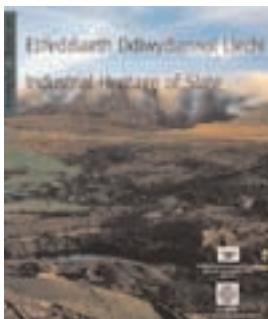

In the first of these, approximately 1,500 prehistoric burial and ritual sites were recorded as part of a longer-term project to assess the 5,000 or so of these monuments which remain unscheduled. In addition to identifying new sites for scheduling and producing condition surveys, this exercise is enhancing local and national databases and providing information for development control and heritage management. During the year fieldwork on a similar project to record medieval and post-medieval settlements was completed for all of Wales apart from some areas in the south-west. Finally, at 31 March 2001 the total number of detailed historic landscape characterization studies completed over the last three years had risen to 21. Nineteen of these were devoted to 'outstanding' and two to 'special' landscapes included in the Register of Landscapes of Historic Interest in Wales.

Cadw also provided funding to the Welsh Archaeological Trusts to enable them to make the

Cwblhawyd y gyfrol olaf yn adran parciau a gerddi'r Gofrestr, yn cwmpasu Sir Benfro, Sir Gaerfyrddin a Cheredigion a chaiff ei chyhoeddi yn ddiweddarach yn 2001. Cafodd ail gyfrol yr adran dirluniau, *Cofrestr o Dirluniau o Ddiddordeb Hanesyddol Arbennig yng Nghymru*, ei lansio yn swyddogol gan Sue Essex AC, y Gweinidog dros yr Amgylchedd yn y Cynulliad Cenedlaethol, ar ddechrau mis Chwefror 2001.

results of all this work available on their web sites, and in partnership with the Trusts, has published two further advisory booklets in its *Caring for...* series. These cover medieval church archaeology and the industrial heritage of slate. Together with the Countryside Council for Wales, Cadw has continued to fund the Trusts to provide advice to farmers on the management of historic features on their land as part of the Tir Gofal all-Wales agri-environment scheme.

Cadw funded a second season of excavations by the University of Reading on the remains of the Bronze Age timber buildings at Redwick in the inter-tidal zone of the Severn Estuary. This is part of a larger programme of rescue excavation and research in this archaeologically-rich area.

Register of Landscapes, Parks and Gardens of Special Historic Interest in Wales

The final volume of the parks and gardens section of the Register, covering Pembrokeshire, Carmarthenshire and Ceredigion, was completed and will be published later in 2001. The second volume of the landscapes section, *Register of Landscapes of Special Historic Interest in Wales*, was officially launched by Sue Essex AM, Minister for Environment in the National Assembly, at the beginning of February 2001.

Conservation of the Monuments in Care

Amcanion

Cynnal yr henebion hynny sydd yng ngofal y Cynulliad Cenedlaethol yn gyson â'u pwysigrwydd archeolegol a hanesyddol ac mewn dull sy'n sicrhau gwerth am arian.

Trefniadaeth

Mae Cadw yn cynnal a chadw 127 o henebion o dan ofal y Cynulliad Cenedlaethol, gan wneud hynny yn unol â rhaglen waith sy'n seiliedig ar arolwg bob pum mlynedd o anghenion ledled yr holl ystad yn ogystal â chynlluniau rheoli henebion unigol. Mae Cadw yn cyflogi ei weithlu ei hun (Cadwraeth Cymru, sydd â 60 o grefftwyr) a chontractwyr arbenigol yn y gwaith hwn. Ers i'r gweithlu a gyflogir yn uniongyrchol gael ei brofi ar y farchnad ym 1995, cafodd perthynas yr Asiantaeth â Cadwraeth Cymru ei ddiffinio gan y cytundeb lefel gwasanaeth tair blynedd, a adnewyddwyd yn ddiweddar am yr ail dro. Trefnwyd Cadwraeth Cymru i sawl tîm rhanbarthol — Gorllewin a Dwyrain Morgannwg, Gogledd Gwent a Sir Fynwy, Gorllewin Cymru, Canolbarth Cymru a Gogledd Cymru.

Projectau Cadwraeth

Ymgymrywyd â phedwar project ar hugain yn ystod y flwyddyn, sef pymtheg gan Cadwraeth Cymru a naw gan gonitoriaethwyr allanol. Cyrraeddwyd y targed cynnal a chadw cadwraeth — i gwrrd â 90% o'r rhaglen y cytunwyd arni — am y chweched flwyddyn yn olynol, er gwaethaf ymyriadau ar hynny yn sgîl yr achosion cyntaf o glwy'r traed a'r genau a gafwyd yn ystod wythnosau diwethaf y rhaglen flynyddol.

Yn y de, mae rhaglen gadwraeth hirfaith a thrylwyr yng Ngwaith Haearn Blaenafon (sy'n rhan o'r Safle Treftadaeth y Byd a sefydlwyd yn ddiweddar) yn parhau i fod yn flaenorïaeth a defnyddiwyd technegau peirianyddol cymhleth, y datblygwyd rhai ohonynt er mwyn sefydlogi ffwrnais 5, wrth atgyfnerthu'r walau cynhaliol, ardaloedd mwyndoddi a'r ffwrnais grom. Dechreuwyd ar y gwaith o fynd i'r afael â rhannau o Castell Caerffili o amgylch tŵr y de a'r gegin, na chawsant eu hatgfnerthu yn flaenorol, a chynllunir mynediad cyhoeddus atynt. Yn dilyn gwaith i ystlys corff deheuol Abaty Tyndyrn yn ystod y flwyddyn flaenorol, cafodd rhaglen gadwraeth fawr ei lansio gan Cadwraeth Cymru i osod darnau ffenestr gerfiedig yn lle'r rhai a oedd ar goll neu a oedd wedi eu herydu drwy'r heneb gyfan, er mwyn cynnal cyfarwydd strwythurol yr agoriadau. Objectives

To maintain those monuments which are in the care of the National Assembly consistent with their archaeological and historic importance and in a manner which ensures value for money.

Organization

Cadw maintains 127 monuments in the care of the National Assembly, and does so in line with a works programme based upon a quinquennial review of needs across the whole estate as well as individual monument management plans. Cadw employs both in-house labour (Cadwraeth Cymru, numbering 60 craftsmen) and specialist contractors in this work. Since the directly employed labour force was market tested in 1995, the Agency's relationship with Cadwraeth Cymru has been defined by a three-year service level agreement, recently renewed for a second time. Cadwraeth Cymru is organized into several regional teams — West and East Glamorgan, North Gwent and Monmouthshire, West Wales, Mid Wales and North Wales.

Conservation Projects

Twenty-four projects were undertaken in the course of the year, 15 by Cadwraeth Cymru and 9 by outside contractors. The conservation maintenance target — to meet 90% of the agreed programme — was met for the sixth successive year, despite interruptions caused by the outbreak of foot-and-mouth disease in the last few weeks of the annual programme.

In the south, the lengthy and painstaking conservation programme at Blaenavon Ironworks (part of the recently established World Heritage Site) continues to rank as a priority and complex engineering techniques, some of them developed to stabilize furnace 5, have now been deployed in the consolidation of retaining walls, smelting areas and the cupola furnace. Work was begun on tackling parts of Caerphilly Castle around the south tower and kitchen which have never been previously consolidated, and public access is planned. Following the start of work to the south nave aisle at Tintern Abbey in the previous year, a major conservation programme was launched by Cadwraeth Cymru to replace missing or eroded carved window stonework throughout the monument, in order to maintain the structural integrity of the openings. Replacement stone is being carved and dressed in a cutting shed in the Abbey Cottage corner of the site, and work in progress can be viewed by the public. At Castell Coch — where environmental and curatorial needs required an extensive programme of intervention, in order to protect the valuable contents and decorations of the castle — Cadw took the opportunity to extend areas which are open to the public, and to reconstruct the chapel and original stained glass windows on the top storey of the monument. The benefits should be available in time for part of the 2001–02 season.

wedi'i gwblhau. Roedd y rhaglenni yn cynnwys gosod cerrig cerfiedig a cherig plaeñ dethol yn lle'r hen rai, adfer cerrig yn fanwl, ail-rendro a gwaith cynnal a chadw cyffredinol. Mae sialensiau arbennig y project wedi cynnwys atgyfnerthu'r gwaith maen gwreiddiol, a gerfiwyd yn gain, ac er mwyn gwneud hynny bu'n rhaid datblygu nifer o dechnegau cadwraeth newydd.

Y rhaglen ranbarthol yr effeithiwyd arni fwyaf gan argyfwng clwy'r traed a'r genau yn wythnosau olaf y flwyddyn ariannol oedd canolborth Cymru. Bu'n rhaid i Cadwraeth Cymru dynnu yn ôl o Gastell Dolforwyn ger y Drenewydd, Powys, cyn i'r gwaith o'i atgyfnerthu gael ei gaboli, ac o ganlyniad mae'r agoriad cyhoeddus a gylluniwyd ar gyfer haf 2001 wedi'i ohirio. Ond parhaodd y gwaith o adfer Tŷ Mawr gan Cadw, neuadd-dy pren canoloesol yn Sir Drefaldwyn, ddenu cymeradwyaeth pan gafodd ei enwebu'n 'Adeilad y Flwyddyn' gan Sefydliad Brenhinol y Syrfewyr Siartredig ym mis Hydref 2000.

Cwblhawyd dau project mawr yn y gogledd yn llwyddiannus — sef atgyfnerthu Porth y Bwrdais ym muriau tref Dinbych, a neuadd-dy canoloesol Hafoty ar Ynys Môn. Parhaodd gwaith cadwraeth yn Rhuddlan, gan ddefnyddio rhodiau atgyfnerthu o ffeibr carbon drwy ddefnyddio techneg 'pinio' arloesol o ddiogelu'r bargodiadau a ddatguddiwyd ganrifedd yn ôl pan gafodd cerrig cain o ddarnau is a mwy hygrych muriau'r castell eu hysbeilio.

I gloi, ar ôl adolygiad o ddiogelwch cyhoeddus cafodd system newydd o arwyddo perygl ei chyflwyno yn y prif safleoedd, a gaiff ei hymestyn yn ystod eleni, a chyflwynwyd rheiliau a mesurau diogelwch ychwanegol mewn nifer o henebion.

virtually completed. The programmes included selective carved and plain stone replacement, detailed stone repair, re-rendering and general maintenance. The particular challenges of the project have involved the consolidation of original, finely carved stonework, and to achieve this it has been necessary to develop a number of new conservation techniques.

The regional programme most affected by the outbreak of foot-and-mouth disease in the closing weeks of the financial year was mid-Wales. Cadwraeth Cymru had to be withdrawn from Dolforwyn Castle near Newtown, Powys, before the final touches could be put to its consolidation, and as a result the public opening planned for summer 2001 has been postponed. But the restoration by Cadw of Tŷ Mawr, a medieval timber hall-house in Montgomeryshire, continued to attract plaudits when it was declared 'Building of the Year' by the Royal Institution of Chartered Surveyors in October 2000.

Two major projects in the north were concluded successfully — the consolidation of the Burgess Gate in Denbigh's town walls, and Hafoty medieval hall-house on Anglesey. Conservation work continued at Rhuddlan, using carbon fibre reinforcing rods in a pioneering 'pinning' technique to secure the overhangs exposed centuries ago when fine stone from the lower and more accessible reaches of the castle walls was robbed out.

Lastly, following a review of public safety a new hazard signing system has been introduced at the principal sites, which will be extended in the course of the present year, and additional railings and protection measures introduced at a number of monuments.

Cyflwyno Henebion o dan Ofal

Presentation of the Monuments in Care

Amcanion

Denu, hysbysu ac addysgu ymwelwyr i henebion o dan ofal y Cynulliad Cenedlaethol drwy farchnata, cyflwyno a dehongli, i hyrwyddo dealltwriaeth a gwerthfawrogiad ehangach o dreftadaeth adeiledig Cymru.

Cael yr incwm mwyaf o weithredu'r henebion o dan ofal mewn modd sy'n gyson â dyletswyddau cadwraeth yr Asiantaeth.

Gweithgaredd Masnachu

Bu'r llynedd yn flwyddyn anodd ar gyfer twristiaeth yng Nghymru, wrth i Cadw, fel nifer o atyniadau eraill, ddioddef gostyngiad yn nifer yr ymwelwyr ac incwm. Mewn gwirionedd, cynyddodd ein cyfran marchnad o nifer yr ymwelwyr i'r 20 safle treftadaeth uchaf yng Nghymru o 62% i 64%, sydd un y cant uwchben y targed, a oedd yn galonogol ynddo'i hun, ond roedd hefyd yn awgrymu y byddai'n rhaid i'r ffactorau a gyfrannodd at ostyngiad yn y niferoedd absoliwt (yn arbennig y bunt gref a thueddiadau cyffredinol yn niwydiant twristiaeth Cymru) wanhau cyn i'r niferoedd wella. Cafodd y tywydd gwylb iawn a berodd lifogydd mawr hefyd effaith ar weithgarwch, ac roedd yr achosion cyntaf o glwy'r traed a'r genau a gafwyd ar ddiwedd mis Chwefror 2001 yn ffrwyn arall ar dwristiaeth. Roedd yr effaith uniongyrchol yn aruthrol a gostyngodd nifer yr ymwelwyr ym mis Mawrth o ryw 30,000 o'i gymharu â'r rheini ym mis Mawrth 2000. Erbyn diwedd y flwyddyn gostyngodd niferoedd cyffredinol yr ymwelwyr o ychydig yn llai na 5% (tua 55,000).

Gostyngodd incwm o tua'r un faint, ac oherwydd hynny roedd Cadw ymhell islaw'r nod — o 35 ceiniog — o wireddu ei darged cost fesul ymwyldd o 25 ceiniog. Roedd y gostyngiadau mwyaf mewn derbyniadau tâl mynediad er bod cofroddion ac agweddu eraill ar fanwerthu wedi profi blwyddyn fywiog. Llywiwyd y perfformiad cryf hwn gan gyflwyno eitemau newydd o stoc, gwella marchnata a newidiadau o ran patrwm siopau. Cafodd y siopau yn Llys yr Esgob yn Nhyddewi a Chastell Coch eu hailwampio er mwyn defnyddio'r gofod yn well. Cyrhaeddodd incwm o Etifeddiaeth y Cymry (cynllun aelodaeth Cadw) at y lefelau uchaf erioed unwaith eto, ac enillwyd derbyniadau hefyd o osod safleoedd ar gyfer ffilmiau. Darparodd Llys Tre-tŵr leoliadau ar gyfer cynhyrchiad Nadolig y BBC o *Lorna Doone* ac ar gyfer *Anazapta*, sef ffilm fawr o'r DU a leolwyd yn yr Oesoedd Canol. Mae'r safle hwn yn prysur ddatblygu'n ail leoliad teledu a ffilm fwyafrif poblogaidd Cadw ar ôl Castell Coch.

Dehongli a Rheoli

Agorwyd dwy heneb yn ystod y flwyddyn. Ar ôl project ailwampio mawr, sicrhawyd mynediad cyhoeddus unwaith eto ym mis Mehefin 2000 i Amgueddfa Gerrig Margam a'r casgliad o goresau hynafol a gedwir ynddi. Y mis dilynol agorodd Sue Essex AC, y Gweinidog dros yr Amgylchedd yn y Cynulliad Cenedlaethol, Gastell St Quentin, Llanfleiddan, ym Mro Morgannwg. Er nad oes staff ar safle St Quentin, mae Amgueddfa Margam yn gweithredu drwy gytundeb rheoli ag awdurdodau Plwyf Margam lle saif yr Amgueddfa.

Objectives

To attract, inform and educate visitors to ancient monuments in the care of the National Assembly by marketing, presentation and interpretation to promote a wider understanding and appreciation of the built heritage of Wales.

To maximize income from the operation of monuments in care consistent with the Agency's conservation duties.

Trading Activity

Last year was a difficult one for tourism in Wales and, like other attractions, Cadw suffered a decline in both visitor numbers and income. Our market share of the number of visitors to the top twenty heritage sites in the Principality actually increased from 62% to 64%, one per cent above target, which was encouraging in itself, but also indicated that the factors which contributed to the decline in absolute numbers (especially a strong pound and general trends in the Welsh tourist industry) would need to abate before numbers recover. The wet weather which brought extensive flooding also had an impact upon activity, and the outbreak of foot-and-mouth disease in late February 2001 put yet another brake upon tourism. The immediate impact was massive and visitor numbers in March fell by around 30,000 compared with those in March 2000. By the end of the year overall visitor numbers were down by just under 5% (around 55,000).

Income fell by roughly the same amount, and for this reason Cadw fell well short — at 35 pence — of realizing its cost per visitor target of 25 pence. The biggest falls were in receipts from admissions although souvenirs and other aspects of retail had a buoyant year. This strong performance was driven by the introduction of new stock lines, improved merchandising and changes in shop layout. The shops at St Davids Bishop's Palace and Castell Coch were both refurbished to allow a better use of space. Income from Heritage in Wales (Cadw's membership scheme) reached record levels once again, and receipts were also earned from film lettings. Tretower Court provided locations for BBC TV's Christmas production of *Lorna Doone* and for *Anazapta*, a major UK film set in the Middle Ages. This site is rapidly becoming Cadw's second most popular TV and film location after Castell Coch.

Interpretation and Management

Two monuments were opened during the year. Following a major project of refurbishment, public access was restored in June 2000 to the Margam Stones Museum and the collection of ancient crosses which it houses. The following month Sue Essex AM, Minister for Environment in the National Assembly, opened St Quentin's Castle, Llanblethian, in the Vale of Glamorgan. While St Quentin's is not a staffed site, Margam Museum is operated through a management agreement with the Margam Parish authorities in whose grounds it stands.

Roedd uchafbwyntiau'r flwyddyn yn cynnwys cyflwyniad son-et-lumière yn Abaty Tyndyrn ym mis Gorffennaf ac Awst gan drefnydd yr wyl a gynhelir bob dwy flynedd yng Nhas-gwent. Gwelodd tua 12,000 o bobl y cyflwyniad ac mae mentrau tebyg i hwn yn debygol o gael eu hailadrodd.

Gosodwyd arddangosfeydd newydd yng nghanolfan yr ymwelwyr yng Nghastell Dinbych, a chydweithredodd Cadw â Chyngor Sir Dinbych i'w helpu i gynllunio a darparu arddangosfa awyr agored newydd ym Mhorth Bwrdais y dref. Ailwampiwyd y dehongliad o Waith Haearn Blaenafon ar gyfer y tymor sydd i ddod, ac roedd y gwaith felly'n cyd-ddigwydd â chydnewyddiaeth gan UNESCO o dirlun diwydiannol Blaenafon fel Safle Treftadaeth y Byd ym mis Tachwedd 2000. Yn ogystal â'r cyhoeddusrwydd enfawr a enynnodd hyn, penderfynodd Time Team Channel 4 recordio rhaglen ar y safle a ddarlleddwyd ym mis Ionawr 2001.

Gosodwyd deunydd dehongli newydd neu ychwanegol mewn 22 safle yn ystod y flwyddyn a chyhoeddwyd wyth canllaw newydd neu ganllaw wedi'i ddiwygio. Yn ogystal, cyhoeddodd Cadw Tywyslyfr i Ymrwelwyr Anabl, yn cwmpasu'r henebion mwyaf poblogaidd o dan ofal y wladwriaeth.

The highlights of the year included a *son-et-lumière* presentation at Tintern Abbey in July and August by the organizer of the biennial festival event in Chepstow. The presentation was seen by around 12,000 people and initiatives such as this are likely to be repeated.

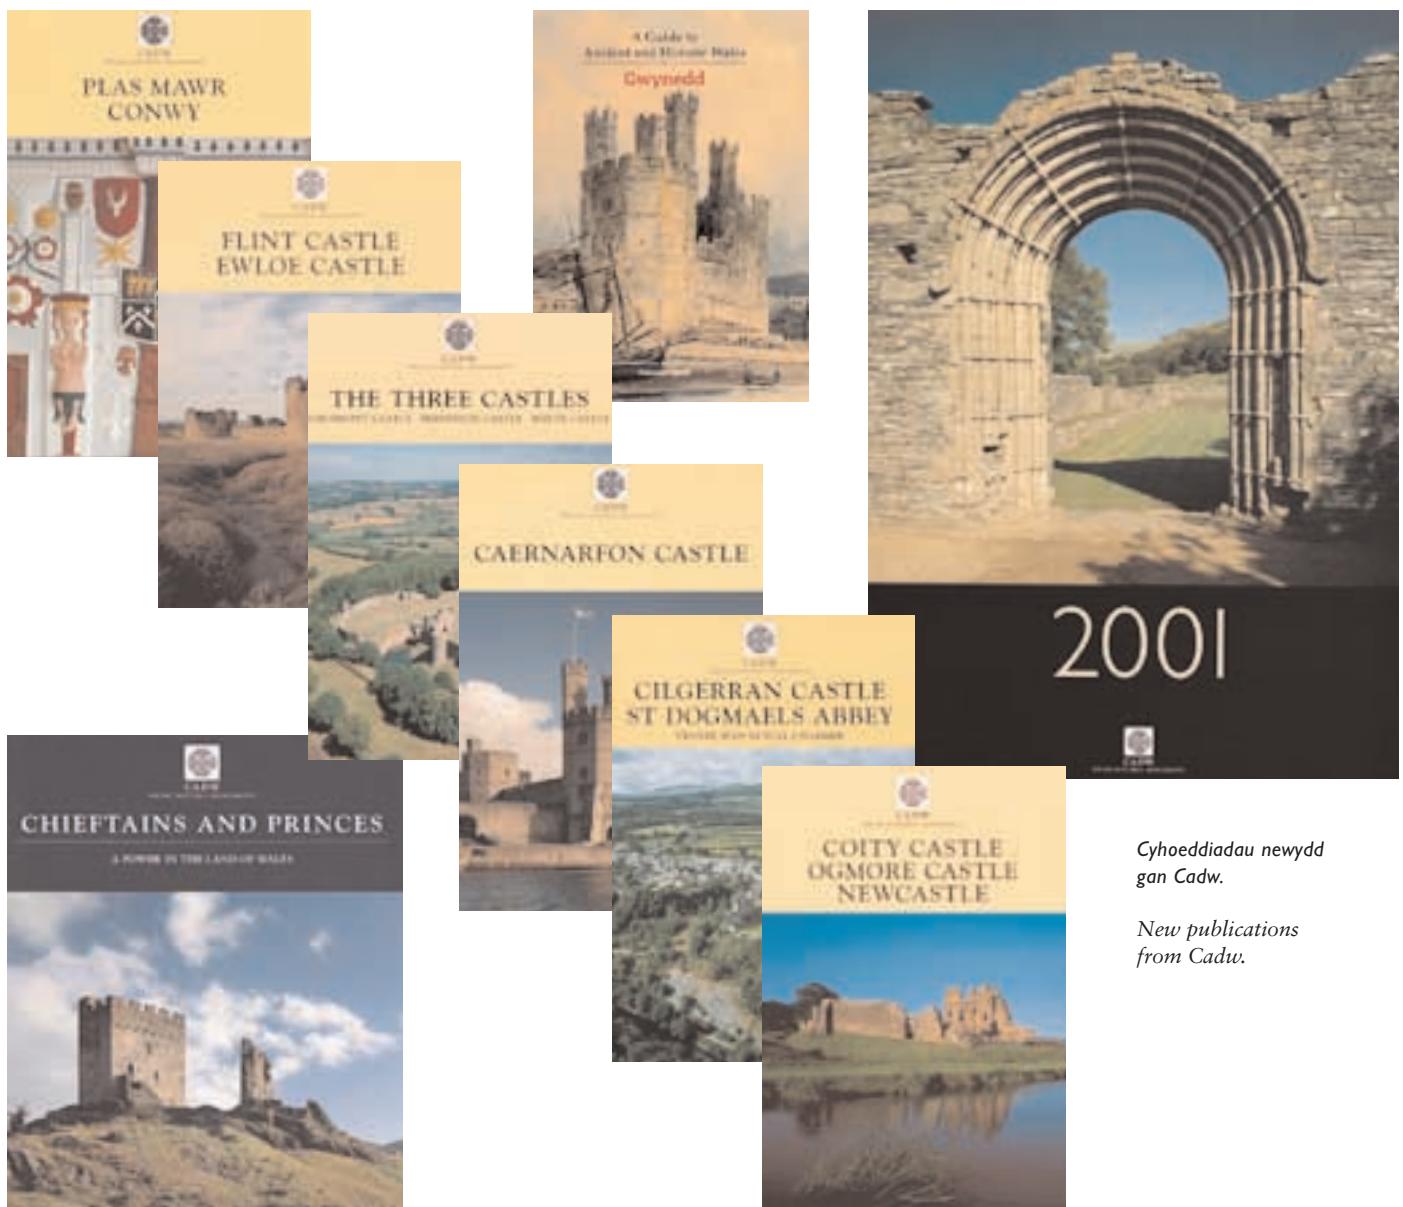

New exhibitions were installed in the visitor centre at Denbigh Castle, and Cadw co-operated with Denbighshire County Council to help them design and provide a new open-air exhibition in the town's Burgess Gate. The interpretation of Blaenavon Ironworks was revamped for the coming season, and works there coincided with the recognition by UNESCO of the Blaenavon Industrial Landscape as a World Heritage Site in November 2000. In addition to the enormous publicity which this generated, Channel 4's Time Team decided to record a programme at the site which was broadcast in January 2001.

New or additional interpretative material was installed at 22 sites in the course of the year and eight new or revised guidebooks published. Cadw also published a *Guide for Disabled Visitors*, covering the most popular monuments in state care.

Yn ystod y flwyddyn ddiwethaf dathlwyd chwe chanmlwyddiant dechreuaed gwrthryfel Owain Glyn Dŵr; a chychwynnodd Cadw nifer o weithgareddau, neu gynorthwyo eraill, i gofnodi hynny. Roedd y rhain yn cynwys achlysur yng Nghastell Caernarfon ar 16 Medi, sef pen-blwydd y dyddiad, gan gefnogi Sefydliad Cymuned Coety i ail-greu'r gwarchae ar Gastell Coety gan luoedd Glyn Dŵr, ariannu gwaith a dehongliad o fytiau Glyn Dŵr yn Sycharth a Glyndyfrdwy, cyhoeddi rhifyn arbennig o gylchgrawn Etifeddiaeth y Cymry wedi'i neilltuo'n llwyr i erthyglau yn ymwnaead â'r gwrthryfel a llunio arddangosfa deithiol ynglŷn â'r gwrthryfel er mwyn ei ddefnyddio yn rhad ac am ddim gan grwpiau cymunedol. Bu galw mawr am yr olaf gan drefnwyd digwyddiadau cymunedol ledled Cymru. Trefnir digwyddiadau coffa eraill yn y dyfodol yn safleoedd Cadw i nodi penblwyddi penodol sy'n gysylltiedig â'r gwrthryfel.

The past year saw the 600th anniversary of the beginning of the rebellion of Owain Glyn Dŵr, and Cadw initiated or helped others with a number of activities to mark it. These included an event in Caernarfon Castle on the anniversary date of 16 September, supporting the Coity Community Association to re-enact the siege of Coity Castle by the forces of Glyn Dŵr, funding works and interpretation at the Glyn Dŵr mottes at Sycharth and Glyndyfrdwy, publishing a special edition of the Heritage in Wales magazine devoted entirely to features about the rebellion and producing a touring exhibition about it for free use by community groups. The last has been in great demand by the organizers of community events throughout Wales. Other commemorative events will take place in future years at Cadw sites to mark specific anniversaries associated with the rebellion.

Amcanion

Sicrhau bod cost net gweithgareddau'r Asiantaeth i gronfeydd cyhoeddus yn cael ei chadw mor isel â phosibl, drwy weithredu'r Cynllun Effeithlonrwydd y cytunwyd arno â'r Cynulliad Cenedlaethol.

Cyflawni targedau ariannol a thargedau perfformiad eraill o'r fath fel y penderfynir arnynt efallai gan y Cynulliad Cenedlaethol drwy ymgynghori â'r Prif Weithredwr.

Adroddiad ariannol

Gwariwyd cyfanswm o £9,912,000, sef tua 97% o gyllideb rhaglen gros yr Asiantaeth. Dosbarthwyd gwariant fel a ganlyn:

Adeiladau Hanesyddol	£2,907,000	(29%)
Henebion ac Archeoleg	£1,441,000	(15%)
Ystad o Dan Ofal	£5,564,000	(56%)

Cafodd y gwariant ar gostau rhedeg ei fonitro a'i reoli yn ofalus, a daeth i gyfanswm o 99% o'r ddarpariaeth o £4,575,000. Cyfanswm y costau o gyflwyno'r Ystad o Dan Ofal oedd £3,690,000 gan gynnwys £350,000 a warwyd ar farchnata corfforaethol a hyrwyddo. Cyfanswm y derbyniadau o Weithrediadau Safleoedd oedd £3,044,000.

Talu'n Brydlon

Mae'r Asiantaeth yn tanysgrifio i God Ymarfer y CBI ar dalu'n brydlon. Yn ystod y flwyddyn talwyd 91% o anfonebau o fewn 30 diwrnod yn erbyn 97% yn y flwyddyn flaenorol. Adlewyrchodd y gostyngiad mewn perfformiad bwysau a grëwyd gan gynnnydd mawr ym maint y taliadau mewn mannau eraill yn y Cynulliad, a effeithiodd ar allu'r Cynulliad i brosesu anfonebau Cadw.

Effeithlonrwydd

Mae gan Cadw fynegai perfformiad sy'n ei alluogi i ganolbwytio yn fanylach ar gostau uned drwy'r sefydliad. Mae hwn yn nodi y cyraeddwyd y targed allweddol o gyflawni 2% o enillion effeithlonrwydd yn erbyn costau rhedeg gros yn 2000–01.

Technoleg Gwybodaeth

Diweddarwyd y system TG gynhwysfawr mae Cadw yn ei rhannu â'r Cynulliad Cenedlaethol a hyffordwyd yr holl staff i'w defnyddio. Mae Cadw hefyd wedi parhau i ddatblygu ei systemau cyfrifiadurol yn unol â'i strategaeth systemau gwybodaeth, ac anogir staff i wella eu sgiliau TG.

Objectives

To ensure that the net cost of the Agency's activities to public funds is kept to a minimum through the implementation of the Efficiency Plan agreed with the National Assembly.

To achieve such financial and other performance targets as the National Assembly may determine in consultation with the Chief Executive.

Finance Report

Spending amounted to £9,912,000, some 97% of the Agency's gross programme budget. Distribution of spending was as follows:

Historic buildings	£2,907,000	(29%)
Ancient monuments and archaeology	£1,441,000	(15%)
Estate in care	£5,564,000	(56%)

Expenditure on running costs was closely monitored and controlled, and amounted to 99% of the £4,575,000 provision. Costs for presenting the Estate in Care amounted to £3,690,000 including £350,000 spent on corporate marketing and promotion. Receipts from Site Operations were £3,044,000.

	Payments	Receipts
Admissions	£2,666,000	£1,568,000
Trading	£571,000	£984,000
Membership scheme	£103,000	£299,000
Corporate marketing and promotion	£350,000	£ -
Miscellaneous	£ -	£193,000

Prompt Payment

The Agency subscribes to the CBI Code of Practice on prompt payment. During the year 91% of the invoices were paid within 30 days against 97% in the previous year. The reduction in performance reflects pressures created by a major increase in the volume of payments elsewhere in the Assembly, which impacted upon the Assembly's ability to process Cadw's invoices.

Efficiency

Cadw has a performance index which enables it to focus more closely on unit costs throughout the organization. This indicates that the key target of achieving 2% efficiency gains against gross running costs was achieved in 2000–01.

Information Technology

The comprehensive IT system which Cadw shares with the National Assembly was upgraded and all staff were trained in its use. Cadw has also continued to develop its own computerized systems in accordance with its information system strategy and staff are encouraged to improve their IT skills.

Hyfforddiant

Llwyddodd yr Asiantaeth i gael achrediad Buddsoddwyr Mewn Pobl ym mis Chwefror 2000 ac ers hynny estynnodd y rhagleni hyfforddiant a sefydlu systemau ar gyfer dysgu parhaus. Yn ogystal, datblygyd dulliau newydd o werthuso cost effeithiolrwydd hyfforddiant a'i gyfraniad at wireddu amcanion Cadw.

Personel

Cyfarfu Cynghorau Diwydiannol ac Annwydiannol Whitley unwaith yr un. Hysbyswyd staff o ddigwyddiadau drwy gyhoeddi Bwletinau Staff ac ymgynghorwyd â hwy ar y gwaith paratoi ar gyfer Cynllun Corfforaethol 2001–04.

Mae lefelau staff yn parhau i fod yn amodol ar amrywiadau tymhorol, ond y cyfartaledd blynnyddol oedd 221. Recriwtiwyd deuddeg aelod o staff parhaol yn unol â'r gweithdrefnau a gymeradwywyd gan y Cynulliad yn ystod y flwyddyn. Canfuodd archwiliad o weithdrefnau recriwtio Cadw gan Gomisiynwyr y Gwasanaeth Sifil fod y systemau yn gweithredu yn fodhaol.

Yr Iaith Gymraeg

Mae Cadw yn arddel y cynllun iaith Gymraeg a fabwysiadwyd gan Gynulliad Cenedlaethol Cymru (ac y cytunwyd arno gan Fwrdd yr iaith Gymraeg). Yn ystod y flwyddyn darparodd yr Asiantaeth hyfforddiant Cymraeg yn fewnol i ddechreuwyr, yn ogystal â pheth hyfforddiant mwy cynhwysfawr i'r staff ddatblygu eu sgiliau.

Caffaeliad

Cymerodd Adran Gaffaeliad Cadw ran yn y fenter llywodraeth ganolog ar gyfer datblygu rhagoriaeth o ran caffaeliad. Yn ystod y flwyddyn, gosodwyd tua phedwar contract ar ddeg (a ddiffiniwyd fel rhai dros £10,000 o ran gwerth), yn unol â gweithdrefnau caffaeliad Cadw.

Penodiadau Cyhoeddus

Mae Cadw yn gyfrifol am gynghori Cynulliad Cenedlaethol Cymru ar benodiadau i Gyngor Adeiladau Hanesyddol Cymru a Bwrdd Henebion Cymru. Yn ogystal, rhoddir cyngor i Ysgrifennydd Gwladol Cymru, drwy'r Cynulliad Cenedlaethol, ar benodiadau a wnaed gan Ei Mawrhydi i Gomisiwn Brenhinol Henebion Cymru. Gwneir penodiadau yn unol â Chod Ymarfer y Cynulliad Cenedlaethol ar benodiadau cyhoeddus.

Yn ystod y flwyddyn gwnaed tri phenodiad newydd i Fwrdd Henebion Cymru. Bydd y penodiadau yn parhau am bum mlynedd. Ymddeolodd dau aelod o'r Comisiwn Brenhinol

Both the scheduled monument database and a historic buildings database were developed during the year, and progress was made on introducing a computer-aided design system for Cadw's drawing office.

Training

The Agency achieved Investors in People (IIP) accreditation in February 2000 and since then has extended programmes of training and established systems for continual learning. New methods of evaluating the cost effectiveness of training and its contribution to the achievements of Cadw's objectives have also been developed.

Personnel

The Agency's Industrial and Non-Industrial Whitley Councils both met on one occasion. Staff were kept informed of developments through the issue of Staff Bulletins and were consulted on the preparation of the 2001–04 Corporate Plan.

Staff levels remain subject to seasonal variations, but the annual average was 221. Twelve permanent staff were recruited in accordance with approved Assembly procedures during the year. An audit of Cadw's recruitment procedures by Civil Service Commissioners found that the systems were operating satisfactorily.

Welsh Language

Cadw subscribes to the Welsh Language Scheme adopted by the National Assembly for Wales (and agreed by the Welsh Language Board). In the course of the year the Agency provided in-house Welsh language training for beginners, as well as more comprehensive training for staff to develop their skills.

Procurement

Cadw's Procurement Unit participated in the central government initiative for developing excellence in procurement. During the year some 14 contracts (defined as over £10,000 in value) were let, all in accordance with Cadw's procurement procedures.

Public Appointments

Cadw is responsible for advising the National Assembly for Wales on appointments to the Historic Buildings Council for Wales and the Ancient Monuments Board for Wales. In addition advice is given to the Secretary of State for Wales, through the National Assembly, on appointments made by Her Majesty to the Royal Commission on the Ancient and Historical Monuments of Wales. Appointments are made in accordance with the National Assembly's Code of Practice on public appointments.

During the year three new appointments were made to the Ancient Monuments Board for Wales. The appointments will run for five years. Two members of

Rhagolygon ar gyfer 2001–02

Prospects for 2001–02

Bydd cyflwyno system taith sain newydd yn Llys Tretŵr yn sicr o fod yn boblogaidd gyda'r ymwelwyr.

The introduction of a new audio tour system at Tretower Court should prove popular with visitors.

Mae'r Cynulliad Cenedlaethol yn gosod targedau blynnyddol ar gyfer Cadw, a fydd yn parhau heb eu newid yn ystod 2001–02 ar wahân i ddu achos. Gwnaed y ddu yn dargedau mwy llym.

Ein targed y llynedd oedd datrys 75% o achosion rhestru ad hoc o fewn 17 wythnos — nid oedd pob un o'r achosion hyn yn cynnwys adeiladau a oedd o dan fygwyriad, ond pan fo bygythiad yn bodoli yr ydym wedi ceisio ymateb yn gyflymach o hyd. Ar gyfer 2001–02 adolygyd y targed er mwyn adlewyrchu'r ffaith honno, ac i'w wneud yn fwy ymestynnol o ran y ganran yr anelwn ei datrys o fewn y cyfnod amser a benodwyd. Ein nod fydd datrys 90% o achosion rhestru pan fo'r adeiladau o dan fygwyriad o fewn 10 wythnos a 90% o'r achosion rhestru ad hoc eraill o fewn 17 wythnos. Mae'r targed sy'n ymdrin ag amseroldeb achosion caniatâd henebion cofrestradig hefyd wedi'i adolygu — byddwn yn anelu at ymdrin â 90% ohonynt (75% gynt) o fewn 13 wythnos.

Cynyddwyd prisiau mynediad i'r henebion sydd wedi'u staffio — ar gyfartaledd ar draws yr ystad o dan ofal — yn unol â chwyddiant. Caiff 31 safle ei staffio yn ystod 2001–02, sef 21 ohonynt gan staff gwarchodol Cadw ei hun a'r 10 arall gan asiantaid sy'n gweithio o dan contract i ni.

Cytunwyd ar dargedau ar gyfer 2001–02 cyn i'r achosion cyntaf o glwy'r traed a'r genu ddod i'r amlwg, ac mae hynny'n debygol o gael effaith sylwedol ar ein perfformiad. Bu'n rhaid i greftwyr Cadw gael eu galw'n ôl o safleoedd mewn ardaloedd gwledig, felly, mae'n annhebygol iawn y byddwn yn llwyddo i gyrraedd y targed cynnal a chadw cadwraeth. Gohiriwyd y gwaith maes y mae cofrestru'n ddibynnol arno, a chan fod y gwaith wedi'i leoli mewn mannau gwledig gan amlaf, mae'n dra annhebygol y caiff ei adfer yn llawn cyn diwedd haf 2001. Yn yr un modd â'r targed cofrestru, fwy na thebyg, ni chyrhaeddir y targed rhestru oherwydd y bu'n rhaid

The National Assembly sets annual targets for Cadw, which will remain unchanged in 2001–02 except in two cases. Both have been made more exacting.

Our target last year was to resolve 75% of ad hoc listing cases within 17 weeks — not all of these cases involved buildings which are under threat, but where threat exists we have always aimed to respond more quickly. For 2001–02 the target has been revised to reflect that fact, and to make it more demanding in terms of the percentage we aim to resolve within the chosen timeframe. Our objective will be to resolve 90% of listing cases where buildings are under threat within 10 weeks and 90% of other ad hoc listing cases within 17 weeks. The target which deals with the timeliness of scheduled monument consent cases has also been revised — we will aim to deal with 90% of them (previously 75%) within 13 weeks.

Admission prices to the staffed monuments have been increased — on average across the estate in care — in line with inflation. Thirty-one sites will be staffed during 2001–02, 21 of them managed by Cadw's own custodial staff and the other 10 by agents working under contract to us.

Targets for 2001–02 were agreed before the outbreak of foot-and-mouth disease, which is likely to have a significant impact on our performance. Cadw craftsmen had to be withdrawn from sites in rural areas and so it is very unlikely that we will be able to achieve the conservation maintenance target. Fieldwork, on which scheduling depends, was suspended and since the work is predominantly rural it is very unlikely that it will be fully resumed before the end of summer 2001. Like the scheduling target, the listing target will probably be missed since it has been necessary to revise this year's programme to

adolygu rhaglen eleni er mwyn canolbwytio ar ardaloedd trefol yn unig. Mae'r rhain yn cymryd llawer mwy o amser i'w harolygu na lleoliadau gwledig, a fyddai wedi'u cynnwys yn y rhaglen o dan amgylchiadau eraill. O ran nifer yr ymwelwyr, ni welwn unrhyw reswm pam y dylai Cadw ddioddef yn fwy nag atyniadau eraill yng Nghymru, ond os bydd y niferoedd absoliwt a'r derbyniantau'n gostwng yna bydd y gost gesul ymwydd hefyd o dan fgythiad, yn debyg i'r modd y bydd gostyngiadau mewn allbynnau yn fgythiad i'r nod o sicrhau cynnydd mewn effeithlonrwydd o 2% o flwyddyn. Bydd y Cynulliad Cenedlaethol yn adolygu perfformiad Cadw yn hydref 2001, ond ni chafodd y targedau eu haddasu cyn yr adolygiad hwnnw oherwydd ni ellid rhoi unrhyw ffигurau synhwyrol yn eu lle. O ran y rhaglen cynnal a chadw cadwraeth, mae'r rhan fwyaf o'r gwaith a ragwelir ar gyfer 2001-02 wedi'i ganolbwytio ar barhau â phrojectau a ddechreuwyd mewn blynnyddoedd blaenorol a'u cwblhau, ond bydd gwaith newydd yn dechrau yng Nghydwell a Threfaldwyn, a chychwynnwyd ar y gwaith o sefydlu canolfan ymwydd yng Nghastell Caerffili. Caiff y system newydd o arwyddo perygl ei hymestyn i 72 heneb ledled yr ystad o dan ofal.

Gosodir paneli dehongli newydd neu baneli dehongli yn lle'r rhai presennol mewn dros ugain o safleoedd ledled Cymru a bydd systemau teithiau clywedol newydd yn cael eu darparu ar gyfer rhai safleoedd, gan gynnwys Llys a Chastell Tre-tŵr. Caiff pedwar twyslyfr eu hadolygu a'u hailargraffu yng ngoleuni ymchwil newydd, a chaiff y twyslyfr Cymraeg newydd i gestyll ac abatai'r Deheubarth (a gynlluniwyd yn wreiddiol ar gyfer 2000) ei gyhoeddi yn ystod y flwyddyn. Fel rhan o'n hymdrehigion i addysgu a hysbysu, mae Cadw yn darparu nifer o wasanaethau i ysgolion, gan gynnwys pecynnau adnoddau arbennig a thafleini gwaith ar gyfer rhai safleoedd. Mae rhan o'r deunydd ar ein gwefan wedi'i bwriadu yn arbennig at ddiben ysgolion, ac ychwanegir at hynny gan ein model rhithwir o Abaty Tyndyrn.

Er bod Cadw wedi contractio nifer o wasanaethau cynnal 'yn ôl' i ddarparwyr canolog yn y Cynulliad Cenedlaethol, mae'r Asiantaeth yn parhau i ysgwyddo cyfrifoldeb uniongyrchol am fonitro a rheoli ariannol, cydymffurfio â gweithdrefnau'r sector cyhoeddus, y rhan fwyaf o agweddau ar reoli personol, penodiadau cyhoeddus i gyrrf treftadaeth adeiledig a chaffaeliad nwyddau a gwasanaethau. Byddwn yn parhau i ddatblygu ein gweithdrefnau cydymffurfio â chaffaeliad i atgyfnerthu ein systemau atebolrwydd ymhellach, yn arbennig er mwyn cydymffurfio â gofynion newydd rheolaeth gorfforaethol.

Yn sgîl dyfarnu statws Buddsoddwyr Mewn Pobl i ni y llynedd, byddwn yn comisiynu asesiad prawf o'n hymlyniad at safonau Buddsoddwyr Mewn Pobl er mwyn paratoi ar gyfer ailasesiad swyddogol yn 2002-03. Rhan allweddol o'r cynnydd dros y flwyddyn sydd i ddod yw datblygu systemau a dulliau o reoli, drwy ymgynghori â staff, fel rhan o'r fenter Llywodraeth Well. Caiff Asiantaethau Gweithredol eu hadolygu yn rheolaidd er mwyn sicrhau bod eu statws yn parhau'n briodol a bod yr amcanion yn cael eu cyflawni. Y tro diwethaf y cafodd Cadw ei arolygu oedd ym 1994-95, a bydd yn destun arolwg pellach yn 2001-02.

focus exclusively on urban areas. These are much more time consuming to survey than rural localities, which in other circumstances would also have figured in the programme. So far as visitor numbers are concerned, we see no reason why Cadw should fare worse than other attractions in Wales, but if absolute numbers and receipts decline then the cost per visitor target will also be under threat, just as reduced outputs will threaten the objective of achieving a year-by-year efficiency gain of 2%. The National Assembly will review Cadw's performance in the autumn of 2001, but the targets have not been adjusted in advance of that review since no sensible figures could be substituted. In terms of the conservation maintenance programme, most of the work envisaged for 2001-02 is focused on the continuation and completion of projects begun in earlier years, but new works will begin at Kidwelly and Montgomery, and a start is being made to a new visitor centre at Caerphilly Castle. The new hazard signing system will be extended to 72 monuments throughout the estate in care.

New or replacement interpretation panels will be installed at over twenty sites throughout Wales and new audio tour systems supplied for some sites, including Tretower Court. Four guidebooks will be revised and reprinted in the light of fresh research, and the new Welsh language guidebook to the castles and abbeys of Deheubarth (originally planned for 2000) will be published in the course of the year. As part of our efforts to educate and inform, Cadw provides a number of services to schools, including dedicated resource packs and worksheets for some sites. Part of the material on our web site is intended specifically for school use, and this will be augmented by a virtual reality model of Tintern Abbey.

Although Cadw has 'contracted back' a number of support services to central providers in the National Assembly, the Agency continues to take direct responsibility for financial monitoring and controls, compliance with public sector procedures, most aspects of personnel management, public appointments to built heritage bodies and the procurement of goods and services. We will continue to develop our procurement compliance procedures to further strengthen the systems of accountability, in particular to conform with new requirements of corporate governance.

Following the award of Investors in People status last year, we will commission a trial assessment of our adherence to Investors in People standards in preparation for formal reassessment in 2002-03. A key part of progress over the coming year is likely to be the development in consultation with staff of systems and approaches to management as part of the Better Government initiative. Executive Agencies are periodically reviewed to ensure that their status remains appropriate and objectives are being met. Cadw was last reviewed in 1994-95, and will be subject to a further review in 2001-02.

Bydd y modelau newydd ar raddfa yng Ngwaith Haearn Blaenafon yn helpu ymwydr i ddeall sut y bu'r safle'n gweithio pan oedd ar ei anterth.

New scale models at Blaenavon Ironworks will help visitors to understand how the site operated in its heyday.

RHAGAIR I'R CYFRIFON

1. Ffurf y Cyfrifon

Cafodd y cyfrifon eu paratoi yn unol â chyfarwyddyd a roddwyd gan y Trysorlys yn unol ag Adran 97 o Ddeddf Llywodraeth Cymru 1998. Gwelir y Cyfarwyddyd yn llawn ar ddiwedd y Datganiadau Ariannol.

2. Cefndir Cadw: Welsh Historic Monuments

Sefydlwyd Cadw: Welsh Historic Monuments fel Asiantaeth Weithredol (o fewn yr hen Swyddfa Gymreig) ar 2 Ebrill 1991. Ffurfiwyd y sefydliad yn wreiddiol ar 29 Hydref 1984, gan Ysgrifennydd Gwladol Cymru ar y pryd. Yna daeth Cadw yn un o Asiantaethau Gweithredol Cynulliad Cenedlaethol Cymru ar 1 Gorffennaf 1999.

3. Prif Weithgareddau

Mae'r Asiantaeth yn gyfrifol am weithredu cyfrifoldebau statudol Cynulliad Cenedlaethol Cymru sy'n ymwned u gwarhod, diogelu a chynnal henebion, adeiladau hanesyddol ac ardaloedd gwarchodaeth ac am noddi Comisiwn Brenhinol Henebion Cymru.

4. Arwydd o'r Datblygiadau Posibl yn y Difodol

Mae arolwg o'r datblygiadau yn y difodol ar gyfer pob maes gweithgaredd o fewn adran berthnasol yr Adroddiad Blynnyddol.

6. Yr Anabl

Mae'r Asiantaeth yn dilyn Cod Ymarfer y Gwasanaeth Sifil ar Gyflogi Pobl Anabl. Ei pholisi yw rhoi ystyriaeth lawn a theg i geisiadau am waith a wneir gan bobl anabl, gan ystyried eu cymwysterau a'u galluoedd arbennig hwy.

7. Ymgynghori â Chyflogion

Mae'r Asiantaeth wedi sefydlu Pwyllgorau Whitley, gyda chynrychiolwyr o blith y cyflogeion, er mwyn trafod materion o bryder. Hefyd, fe ymgynghorir â'r staff yngylch y broses gynllunio ac fe gynhelir cyfarfodydd ymgynghori rheolaidd rhwng uwch staff a staff iau.

8. Arolwg Ariannol

Un o brif dargedau ariannol yr Asiantaeth oedd cynnwys gwariant net o fewn y cyllidebau ariannol ar gyfer gwariant costau rhedeg (cyflogau a chostau gweinyddol) a gwariant rhagleni (gweithgareddau a grantiau) ar gyfer 2000–2001. Cyflawnwyd hyn fel a ganlyn:

FOREWORD TO THE ACCOUNTS

1. Form of Accounts

The accounts have been prepared in accordance with a direction given by Treasury in pursuance of Section 97 of the Government of Wales Act 1998. The Direction is shown in full at the end of the Financial Statements.

2. Background to Cadw: Welsh Historic Monuments

Cadw: Welsh Historic Monuments was established as an Executive Agency (within the former Welsh Office) on 2 April 1991. The organization was originally created on 29 October 1984, by the then Secretary of State for Wales. Cadw became an Executive Agency of the National Assembly for Wales on 1 July 1999.

3. Principal Activities

The Agency is responsible for the discharge of the National Assembly for Wales's statutory responsibilities relating to the preservation, protection and maintenance of ancient monuments, historic buildings and conservation areas and for the sponsorship of the Royal Commission on the Ancient and Historical Monuments of Wales.

4. Indication of Likely Future Developments

A review of future developments for each activity area is contained within the relevant section of the Annual Report.

5. Executive Management Committee

The names of persons who served on this committee during the financial year are disclosed in the Annual Report.

6. Disabled Persons

The Agency follows the Civil Service Code of Practice on Employment of Disabled People. Its policy is to give full and fair consideration to applications for employment made by disabled persons, having regard to their particular aptitudes and abilities.

7. Employee Consultation

The Agency has established Whitley Committees, with employee representatives, to discuss matters of concern. Staff are also consulted over the planning process and regular consultation meetings are held between senior and junior staff.

8. Financial Review

One of the Agency's key targets was to contain net expenditure within cash budgets for both running cost expenditure (salaries and administrative expenses) and programme expenditure (activities and grants) for 2000–01. This was achieved as follows:

Chwth: Ceiniog o'r Brenin Offa (Offa Rex) o'r wythfed ganrif. (© Amgueddfa Genedlaethol Cymru).

Left: An eighth-century penny of King Offa (Offa Rex). (© National Museum of Wales).

	Cyllideb Ariannol £'000	All-dro £'000		Cash Budget £'000	Outturn £'000
Taliadau:			Payments:		
Rhaglen	10,183	9,912	Programme	10,183	9,912
Costau Rhedeg	4,675	4,569	Running Costs	4,675	4,569
Cyfanswm y Taliadau	14,858	14,481	Total Payments	14,858	14,481
Derbyniadau	(3,575)	(3,601)	Receipts	(3,575)	(3,601)
Taliadau net	11,283	10,880	Net Payments	11,283	10,880

Ar sail croniadau, y gwariant net ar gyfer y flwyddyn oedd £11,904,000. (1999–2000 £10,780,000) a godwyd ar y Gronfa Gyffredinol. Ar ddiwedd y flwyddyn, cyfanswm y cronfeydd wrth gefn oedd £5,299,000 (31 Mawrth 2000 £5,396,000).

On an accruals basis, the net expenditure for the year amounted to £11,904,000 (1999–2000 £10,780,000) which has been charged to the General Fund. At the year end, the total reserves amounted to £5,299,000 (31 March 2000 £5,396,000).

9. Polisi Talu Credydwyr

Mae'r Asiantaeth yn dilyn egwyddorion Cod Talu Prydlon y CBI ac mae'n ymrwymedig i dalu pob anfoneb ddilys o fewn 30 diwrnod o'i derbyn. Yn 2000–01 cyrhaeddodd 91.3% o taliadau y targed hwn (1999–2000 97%). Achoswyd y gostyngiad ers perfformiad 1999–2000 yn rhannol oherwydd y nifer uwch na'r disgwyl o taliadau y bu'n rhaid i Gynulliad Cenedlaethol Cymru, sy'n ymgymryd â'r swyddogaeth hon ar ran Cadw, eu gwneud.

9. Creditors Payment Policy

The Agency follows the principles of the CBI Prompt Payers Code and is committed to paying all valid invoices within 30 days of receipts. In 2000–01 91.3% of payments met this target (1999–2000 97%). The reduction over the 1999–2000 performance has been due in part to the higher than expected payment volumes experienced by the National Assembly for Wales who carry out this function on behalf of Cadw.

10. Archwiliwyr

Archwiliwyd y Cyfrifon gan Archwiliwr Cyffredinol Cymru yn unol ag Adran 97 o Ddeddf Llywodraeth Cymru 1998.

10. Auditors

The Accounts have been audited by the Auditor General for Wales in accordance with Section 97 of the Government of Wales Act 1998.

DATGANIAD O GYFRIFOLDEBAU'R ASIANTAETH A'R PRIF WEITHREDWR

O dan Adran 97 o Ddeddf Llywodraeth Cymru 1998, mae'r Trysorlys wedi cyfarwyddo Cadw: Welsh Historic Monuments, yr Asiantaeth Weithredol, i baratoi datganiad o'r cyfrifon ar gyfer pob blwyddyn ariannol ar ffurf ac ar sail yr hyn a nodir yng nghyfarwyddyd y cyfrifon a ddangosir ar dudalen 55. Paratoir y cyfrifon ar sail croniadau ac mae'n rhaid iddynt roi darlun gwir a theg o gyflwr materion yr Asiantaeth ar ddiwedd y flwyddyn ac o'i hincwm a gwariant, cyfanswm yr enillion a'r colledion cydnabyddedig a'r llif arian ar gyfer y flwyddyn ariannol.

Wrth baratoi'r cyfrifon mae'n ofynnol i'r Asiantaeth

- dilyn cyfarwyddyd cyfrifon a gyhoeddwyd gan y Trysorlys, gan gynnwys y gofynion cyfrifo a datgelu perthnasol a chymhwysol polisiau cyfrifo addas yn gyson;
- gwneud penderfyniadau ac amcangyfrifon yn rhesymol;
- nodi a ddilynwyd safonau cyfrifo perthnasol, a datgelu ac esbonio unrhyw wahaniaethau materol yn y datganiadau ariannol;
- paratoir datganiadau ariannol ar sail busnes gweithredol, oni fydd yn anaddas tybio y bydd yr Asiantaeth yn parhau i weithredu.

Mae'r Trysorlys wedi penodi Prif Weithredwr Cadw fel Swyddog Cyfrifo yr Asiantaeth. Nodir ei gyfrifoldebau perthnasol fel Swyddog Cyfrifo, gan gynnwys ei gyfrifoldeb dros wedduster a chysondeb yr arian cyhoeddus a thros gadw cofnodion cywir, ym Memorandwm Swydddogion Cyfrifo Cynlliaid Cenedlaethol Cymru a gyhoeddwyd gan y Trysorlys.

DATGANIAD AR Y SYSTEM RHEOLAETH ARIANNOL FEWNOL

Rhoddir y datganiad hwn mewn perthynas â'r cyfrif adnoddau ar gyfer Cadw. Fel Swyddog Cyfrifo rwy'n cydnabod fy nghyfrifoldeb cyffredinol dros sicrhau y cynhelir system effeithiol o reolaeth ariannol fewnol ac y'i gweithredir mewn perthynas â'r adnoddau dan sylw.

Dim ond sicrwydd rhesymol, ac nid absoliwt y gall y system rheolaeth ariannol fewnol ei ddarparu bod yr asedion wedi'u diogelu, trafodion wedi'u hawdurdodi a'u cofnodi'n gywir ac y caiff camgymeriadau neu unrhyw afreoleidd-dra perthnasol naill ai eu hatal neu y caint eu canfod o fewn cyfnod amserol.

Seilir y system rheolaeth ariannol fewnol ar fframwaith o wybodaeth rheoli reolaidd, rheoliadau ariannol, gweithdrefnau gweinyddol gan gynnwys didoli dyletswyddau, system o ddirprwyo ac atebolrwydd. Yn arbennig, mae'n cynnwys:

- system gyllido gynhwysfawr o fewn cyllideb flynyddol a arolygir ac y cytunir arni gan y Bwrdd Rheoli;

STATEMENT OF AGENCY'S AND CHIEF EXECUTIVE'S RESPONSIBILITIES

Under Section 97 of the Government of Wales Act 1998, the Treasury has directed Cadw: Welsh Historic Monuments Executive Agency to prepare a statement of accounts for each financial year in the form and on the basis set out in the accounts direction on page 55. The accounts are prepared on an accrual basis and must give a true and fair view of the Agency's state of affairs at the year end and of its income and expenditure, total recognized gains and losses and cash flows for the financial year.

In preparing the accounts the Agency is required to

- observe the Accounts Direction issued by the Treasury, including the relevant accounting and disclosure requirements, and apply suitable accounting policies on a consistent basis;
- make judgements and estimates on a reasonable basis;
- state whether applicable accounting standards have been followed, and disclose and explain any material departures in the financial statements;
- prepare the financial statements on the going concern basis, unless it is inappropriate to presume that the Agency will continue in operation.

The Treasury has designated the Chief Executive of Cadw as the Accounting Officer for the Agency. His relevant responsibilities as Accounting Officer, including his responsibility for the propriety and regularity of the public finances and for the keeping of proper records, are set out in the National Assembly for Wales Accounting Officers' Memorandum, issued by the Treasury.

STATEMENT ON THE SYSTEM OF INTERNAL FINANCIAL CONTROL

This statement is given in respect of the resource account for Cadw. As Accounting Officer I acknowledge my overall responsibility for ensuring that an effective system of internal financial control is maintained and operated in connection with the resources concerned.

The system of internal financial control can provide only reasonable, and not absolute, assurance that the assets are safeguarded, transactions authorized and properly recorded and that material errors or irregularities are either prevented or would be detected within a timely period.

The system of internal financial control is based on a framework of regular management information, financial regulations, administrative procedures including segregation of duties, and a system of delegation and accountability. In particular, it includes:

- a comprehensive budgeting system within an annual budget which is reviewed and agreed by the Management Board;

- paratoi adroddiadau ariannol rheolaidd sy'n nodi gwariant gwirioneddol mewn perthynas â rhagolygon;
- pennu targedau i fesur perfformiad ariannol a pherfformiad arall;
- arolygon rheolaidd gan y Bwrdd Rheoli o berfformiad ariannol a pherfformiad arall mewn perthynas â'r rhagolygon;
- canllawiau rheoli buddsoddiadau cyfalafr wedi'u diffinio'n glir;
- fel y bo'n briodol, disgylblaethau rheoli projectau ffurfiol.

Darperir swyddogaeth archwilio fewnol Cadw gan uned archwilio fewnol ei riant adran, Cynulliad Cenedlaethol Cymru. Gweithreda'r uned archwilio fewnol yn ôl safonau a ddiffinnir yn Llawlyfr Archwilio Mewnol y Llywodraeth. Mae dadansoddiad o'r risgau yr amlygir yr uned iddynt yn sail i waith yr uned archwilio fewnol, a seilir cynlluniau archwilio mewnol blynnyddol ar y dadansoddiad hwn. O leiaf bob blwyddyn, mae'r Pennaeth Archwilio Mewnol (HIA) yn rhoi adroddiad i mi ar weithgaredd archwilio mewnol yn yr adran. Mae'r adroddiad yn cynnwys barn annibynnol HIA ar ddigonolrwydd ac effeithiolrwydd y system rheolaeth ariannol fewnol. Mae gwaith yr archwiliwr mewnol yn sail i'm harolwg o effeithiolrwydd y system rheolaeth ariannol fewnol. Mae swyddog cydymffurfio yn helpu i fonitro'r gwaith o weithredu argymhellion yr archwiliwr mewnol ac allanol.

Yn ogystal â fframwaith y rheolaethau rheoli corfforaethol a nodwyd uchod, mae aolygon rheolwyr gweithredol yn yr Asiantaeth sy'n gyfrifol am ddatblygu a chynnal a chadw'r fframwaith rheoli mewnol wedi bod yn sail i'm harolwg o effeithiolrwydd y system rheolaeth ariannol fewnol.

Fel Swyddog Cyfrifo, rwy'n ymwybodol o argymhellion Pwyllgor Turnbull ac rwyf yn cymryd camau rhesymol i gydymffurfio â gofyniad y Trysorlys bod datganiad o'r rheolaeth fewnol yn cael ei baratol ar gyfer y flwyddyn a ddaeth i ben 31 Mawrth 2002, yn unol â'r arweiniad a gaiff ei gyhoeddi ganddynt. Yn ystod y flwyddyn sydd i ddod mae'r Asiantaeth yn bwriadu:

- trefnu gweithdai er mwyn nodi'r peryglon sy'n wynebu'r sefydliad;
- sefydlu system o ddangosyddion perfformiad a dangosyddion risg allweddol; a
- datblygu a chynnal cofrestr risg ar draws y sefydliad.

Wrth ffurfio fy marn ar effeithiolrwydd y system rheolaeth ariannol fewnol rwyf hefyd wedi ystyried sylwadau'r archwiliwr allanol yn yr adroddiadau a'r llythyrau rheoli a gyhoeddwyd ganddynt.

- the preparation of regular financial reports which indicate actual expenditure against forecasts;
- setting targets to measure financial and other performance;
- regular reviews by the Management Board of financial and other performance against the forecasts;
- clearly defined capital investment control guidelines;
- as appropriate, formal project management disciplines.

The internal audit function for Cadw is provided by the internal audit unit of its parent department, the National Assembly for Wales. The internal audit unit operates to standards defined in the Government Internal Audit Manual. The work of the internal audit unit is informed by an analysis of the risks to which the Agency is exposed, and annual internal audit plans are based on this analysis. At least annually, the Head of Internal Audit (HIA) provides me with a report on internal audit activity in the department. The report includes the HIA's independent opinion on the adequacy and effectiveness of the system of internal financial control. My review of the effectiveness of the system of internal financial control is informed by the work of the internal auditors. A compliance officer helps monitor implementation of the accepted recommendations of internal and external auditors.

As well as the framework of corporate management controls identified above, my review of the effectiveness of the system of internal financial control has been informed by the reviews of executive managers in the Agency who are responsible for the development and maintenance of the financial control framework.

As Accounting Officer, I am aware of the recommendations of the Turnbull Committee and I am taking reasonable steps to comply with the Treasury's requirement for a statement of internal control to be prepared for the year ended 31 March 2002, in accordance with guidance to be issued by them. In the coming year the Agency plans to:

- arrange a workshop to identify the risks facing the organization;
- establish a system of key performance and risk indicators; and
- develop and maintain an organization-wide risk register.

In forming my view on the effectiveness of the system of internal financial control I have also taken account of the comments of the external auditors in the reports and management letters they have issued.

THE CERTIFICATE AND REPORT OF THE AUDITOR GENERAL FOR WALES TO THE MEMBERS OF THE NATIONAL ASSEMBLY FOR WALES

I certify that I have audited the financial statements on pages 41 to 54 in accordance with Section 97(5) of the Government of Wales Act 1998. These financial statements have been prepared under the historical cost convention as modified by the revaluation of certain fixed assets and the accounting policies set out on pages 44 to 46.

Respective responsibilities of the Agency, the Chief Executive and Auditor

As described on page 37 the Agency and Chief Executive are responsible for the preparation of the financial statements in accordance with the Government of Wales Act 1998 and Treasury directions made thereunder and for ensuring the regularity of financial transactions. The Agency and Chief Executive are also responsible for the preparation of the other contents of the Annual Report. My responsibilities, as independent auditor, are established by statute and guided by the Auditing Practices Board and the auditing profession's ethical guidance.

I report my opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Government of Wales Act 1998 and with the directions made thereunder by the Treasury, and whether in all material respects the expenditure and income have been applied to the purposes intended by the National Assembly for Wales and the financial transactions conform to the authorities which govern them. I also report if, in my opinion, the Foreword is not consistent with the financial statements, if the Agency has not kept proper accounting records, or if I have not received all the information and explanations I require for my audit.

I read the other information contained in the Annual Report, and consider whether it is consistent with the audited financial statements. I consider the implications for my certificate if I become aware of any apparent mis-statements or material inconsistencies with the financial statements.

I review whether the statement on pages 37-38 reflects the Agency's compliance with Treasury's guidance 'Corporate governance: statement on the system of internal financial control'. I report if it does not meet the requirements specified by the Treasury, or if the statement is misleading or inconsistent with other information I am aware of from my audit of the financial statements.

Basis of audit opinion

I conducted my audit in accordance with United Kingdom Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts, disclosures and regularity of financial transactions included in the financial statements. It also includes

cynnwys asesiad o'r amcangyfrifon arwyddocaol a'r dyfarniadau a wneir gan yr Asiantaeth a'r Prif Weithredwr wrth baratoi'r datganiadau ariannol, ac a yw'r polisiau cyfrifo yn briodol i amgylchiadau'r Asiantaeth, wedi'u cymhwysyo'n gyson a'u datgelu'n ddigonol.

Cynlluniais a chynheliais fy archwiliad er mwyn cael yr holl wybodaeth a'r esboniadau a oedd yn angenrehiadol yn fy marn i er mwyn rhoi tystiolaeth ddigonol i mi roi sicrwydd rhesymol bod y datganiadau ariannol yn rhydd o gamddatganiad perthnasol, p'un a fyddent wedi'u hachosi drwy gamddatganiad perthnasol, neu drwy dwyll neu afreoleidd-dra arall a bod y gwariant a'r incwm, ymhob achos perthnasol, wedi'u cymhwysyo i'r dibenion a fwriadwyd gan Gynulliad Cenedlaethol Cymru a bod y trafodion ariannol yn cydymffurfio â'r awdurdodau sydd yn eu rheoli. Wrth lunio fy marn rwyf hefyd wedi gwerthuso digonolwydd cyffredinol y modd y cyflwynwyd y wybodaeth yn y datganiadau ariannol.

Barn

Yn fy marn i:

- rhydd y datganiadau ariannol ddarlun gwir a theg o faterion Cadw: Welsh Historic Monuments ar 31 Mawrth 2001 ac o'r gwariant net, cyfanswm yr enillion a'r colledion cydnabyddedig a'r llifau arian ar gyfer y flwyddyn a ddaeth i ben bryd hynny a'u bod wedi'u paratoi yn gywir yn unol â Deddf Llywodraeth Cymru 1998 a'r cyfarwyddiadau a wnaed yn ôl y gofynion hynny gan y Trysorlys; ac
- ymhob achos perthnasol mae'r gwariant a'r incwm wedi'u cymhwysyo i'r dibenion a fwriadwyd gan Gynulliad Cenedlaethol Cymru ac mae'r trafodion ariannol yn cydymffurfio â'r awdurdodau sydd yn eu rheoli.

Nid oes gennyf unrhyw sylwadau i'w gwneud ar y datganiadau ariannol hyn.

an assessment of the significant estimates and judgements made by the Agency and Chief Executive in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Agency's circumstances, consistently applied and adequately disclosed.

I planned and performed my audit so as to obtain all the information and explanations which I considered necessary in order to provide me with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by error, or by fraud or other irregularity and that, in all material respects, the expenditure and income have been applied to the purposes intended by the National Assembly for Wales and the financial transactions conform to the authorities which govern them. In forming my opinion I have also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In my opinion:

- the financial statements give a true and fair view of the state of affairs of Cadw: Welsh Historic Monuments at 31 March 2001 and of the net expenditure, total recognized gains and losses and cash flows for the year then ended and have been properly prepared in accordance with the Government of Wales Act 1998 and directions made thereunder by the Treasury; and
- in all material respects the expenditure and income have been applied to the purposes intended by the National Assembly for Wales and the financial transactions conform to the authorities which govern them.

I have no observations to make on these financial statements.

Darperir buddiannau pensiwn drwy Brif Gyllun Pensiwn y Gwasanaeth Sifil (PCSPS). Mae hwn yn gynllun statudol sy'n darparu buddiannau ar sail 'cyflog terfynol' ar ôl cyrraedd yr oedran ymddeol arferol sef 60. Mae buddiannau yn cronni ar gyfradd o 1/80fed o'r cyflog pensiynadwy am bob blwyddyn o wasanaeth. Yn ogystal, mae cyfandaliad sy'n gyfwerth â 3 blynedd o bensiwn yn daladwy ar ymddeoliad. Mae'r aelodau yn talu cyfraniadau o 1.5 y cant o'r enillion pensiynadwy. Bydd pensiynau yn cynyddu o ran taliadau yn unol â'r Mynegai Prisiau Manwerthu. Ar ôl marw, bydd pensiynau yn daladwy i'r cymar sydd yn goroesi ar gyfradd o hanner pensiwn yr aelod. Os bydd rhywun yn marw tra yn ei swydd bydd y cyllun yn talu cyfandaliad sydd ddwywaith y cyflog pensiynadwy a bydd hefyd yn darparu ychwanegiad gwasanaeth wrth gyfrif pensiwn y cymar. Bydd yr ychwanegiad yn dibynnu ar hyd y gwasanaeth ac ni all fod yn fwy na 10 mlynedd. Mae ymddeoliad meddygol yn bosibl os bydd person yn ddifrifol wael. Yn yr achos hwn, telir pensiynau ar unwaith heb ostyngiad actiwaraid a gydag ychwanegiad gwasanaeth fel yn achos pensiynau gweddwl.

Dim ond cyflog gros y mae cyflog y Prif Weithredwr ac uwch aelodau eraill o'r staff yn ei gynnwys.
Nid oedd unrhyw fonws na lwfans yn daladwy.

Pension benefits are provided through the Principal Civil Service Pension Scheme (PCSPS). This is a statutory scheme which provides benefits on a 'final salary' basis at a normal retirement age of 60. Benefits accrue at the rate of 1/80th of pensionable salary for each year of service. In addition, a lump sum equivalent to 3 years' pension is payable on retirement. Members pay contributions of 1.5 per cent of pensionable earnings. Pensions increase in payment in line with the Retail Prices Index. On death, pensions are payable to the surviving spouse at a rate of half the member's pension. On death in service the scheme pays a lump sum benefit of twice pensionable pay and also provides a service enhancement on computing the spouse's pension. The enhancement depends on length of service and cannot exceed 10 years. Medical retirement is possible in the event of serious ill-health. In this case, pensions are brought into payment immediately without actuarial reduction and with service enhanced as for widow(er) pensions.

The salary of the Chief Executive and other senior staff consists of a gross salary only. No bonuses or allowances were payable.

ACCOUNTS DIRECTION GIVEN BY THE TREASURY IN ACCORDANCE WITH SECTION 97 OF THE GOVERNMENT OF WALES ACT 1998

Cadw shall prepare resource accounts for the year ended 31 March 2001 and subsequent years in compliance with the accounting principles and disclosure requirements of the HM Treasury Resource Accounting Manual ('the Resource Accounting Manual') which is in force for that financial year.

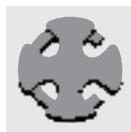

The accounts shall be prepared so as to give a true and fair view of the state of affairs of the Agency at 31 March 2001 and the income and expenditure, recognized gains and losses and cash flows for the financial year then ended.

Compliance with the requirements of the Resource Accounting Manual will, in all but exceptional circumstances, be necessary for the accounts to give a true and fair view. If, in these exceptional circumstances, compliance with the requirements of the Resource Accounting Manual is inconsistent with the requirement to give a true and fair view, the requirements of the Resource Accounting Manual should be departed from only to the extent necessary to give a true and fair view. In such cases, informed and unbiased judgement should be used to devise an appropriate alternative treatment which should be consistent both with the economic characteristics of the circumstances concerned and the spirit of the Resource Accounting Manual. Any material departure from the Resource Accounting Manual should be discussed in the first instance with the Treasury.

This Direction replaces the Direction dated 8 August 2000.
