December 2007

I am writing to follow-up my statement to Plenary on 11 December about the first meeting of the Climate Change Commission for Wales.

During the debate following the statement, you asked if I would circulate details of the membership of the Climate Change Commission Sub Groups to all Assembly Members.

I am very happy to do this, but propose to circulate the lists after the Christmas recess. This is because, at the Commission meeting on 10 December, Commission members indicated that they wished to suggest additional members for the Sub Groups and I would like to include their suggestions before circulating the lists.

In the meantime, I have enclosed a copy of the membership of each group as it stands at present for your information, noting of course that additional members will be added.

The intention is that the Sub Groups should be flexible and able to include additional members as required. Information on the Sub Groups and their members will also be posted on the Assembly Government website.
