Dear Andrew

I am writing in response to your to your WAQ 69015 in which you asked “How many task and finish groups has the Welsh Government set up during the fourth Assembly (since May 2011), to be provided by Ministerial portfolio responsibilities and including the title for each group, year of creation and conclusion of work.”

The annual statement on private sector led Advisory Boards and Task and Finish Groups will shortly be laid before the Assembly – this will outline the number, role, reporting arrangements and membership of all of the Welsh Government’s private sector led Advisory Boards and Task and Finish Groups. The attached spreadsheet provides information on all other groups which are not private sector led.

Yours sincerely
