Dear Natasha

Thank you for your recent written question asking me to outline what communications and meetings have taken place between the Welsh Government and Aneurin University Bevan Health Board in light of Healthcare Inspectorate Wales' recent report into the Grange University Hospital, noting the dates of the meetings and what was discussed.

I was concerned to read the findings of the Healthcare Inspectorate Wales report although was reassured by the commitment of the dedicated emergency department staff.

My officials will seek assurance on progress made by Aneurin Bevan University Health Board in resolving the risks and issues featured in the report with members of the Board at an Integrated Quality Planning & Delivery Meeting on Thursday 17 November.

As you will be aware from your recent question (WQ86650), there are already a number of measures in place to improve standards at the Grange University Hospital's emergency department.

We will continue to monitor progress closely.

I hope this information is helpful.

Yours sincerely
