Dear Andrew,

Thank you for your recent Written Questions asking me when did the Wales Screening Committee last discuss targeted lung cancer screening in Wales and when they last discussed the practical implications for rolling out targeted lung cancer screening in Wales. You also asked who represents the patient and public voices on the Wales Screening Committee.

Lung cancer screening was on the agenda at the last meeting of the Wales Screening Committee on 3 August, when the importance of integrating a lung screening programme with smoking cessation services was discussed. The membership of the committee includes Llais and patient and public representatives.

Yours sincerely,

**Eluned Morgan AS/MS**
