 - Cynnig I gymeradwyo The Education Act 2002 (Commencement No.8) (Wales) Order 2006

The purpose of the Instrument is to commence provisions in the Education Act 2002 in relation to school admissions procedures. The Order also introduces a statutory duty on local education authorities, governing bodies of schools and further education institutions requiring them to exercise their functions with a view to safeguarding and promoting the welfare of children.

- Cynnig I gymeradwyo the Education Act 2002 (Transitional Provisions and Consequential Amendments) (Wales) Regulations 2006

The purpose of these Regulations is to make transitional provisions in connection with the bringing into force of provisions of the Education Act 2002 by the Education Act 2002 (Commencement no 8) (Wales) Order 2006. They also make amendments to a number of regulations, which are consequential to the change from standard numbers to admission numbers.

- Cynnig I gymeradwyo the Education (Determination of Admission Arrangements (Wales) Regulations 2006

Section 89 of the School Standards and Framework Act 1998 (the 1998 Act) provides that the admission authority for every maintained school must determine the school's admission arrangements annually in accordance with the requirements set out in the section. (The admission authority of a foundation or voluntary aided school is the governing body and in the case of a community or voluntary controlled school it is the LEA.) These implementing Regulations set out the procedure, which admission authorities should follow when determining their admission arrangements, including the consultation and notification process. They revoke and replace the existing Education (Determination of Admission Arrangements) Regulations 1999 to reflect amendments made to the 1998 Act by the Education Act 2002 (the 2002 Act).

- Cynnig I gymeradwyo the New School (Admission)(Wales) Regulations 2006

These Regulations make provision in relation to the determination of the initial admission arrangements for admission to new schools. They revoke and replace the New School (Admissions) (Wales) Regulations 1999 to reflect amendments made to the School Standards and Framework Act 1998 by the Education Act 2002.

- Cynnig I gymeradwyo the Education (Objections to Admission Arrangements (Wales) Regulations 2006

Section 90 of the School Standards and Framework Act 1998 (the 1998 Act) enables objections about admission arrangements for maintained schools, which have been determined under section 89 of the Act to be referred to the National Assembly for Wales. These Regulations prescribe the conditions under which objections may be referred and decided and the implementation of any decisions. The Regulations revoke and replace the existing Education (Objection to Admission Arrangements) Regulations 1999 to reflect amendments made to the 1998 Act by the Education Act 2002 (the 2002 Act).

- Cynnig I gymeradwyo the Education (Variation of Admission Arrangements)(Wales) Regulations 2006

These Regulations prescribe that the admission authority of a school may vary the admission arrangements they have made for a particular school year by changing the admission number they have previously determined, if such a variation is necessary to implement approved statutory proposals for school re-organisation published under section 28 of the School Standards and Framework Act 1998. (The admission authority of a foundation or voluntary aided school is the governing body and in the case of a community or voluntary controlled school it is the LEA.)

- Cynnig I gymeradwyo The Approval of Codes of Management Practice (Residential Property) (Wales) Order 2005 (15 munud)

This Order will approve a Code of Practice relating to the management of residential properties by landlords and others (e.g. managing agents) who discharge the management function. Sections 87 and 100 of the Leasehold Reform, Housing and Urban Development Act 1993 confer powers to approve, modify or withdraw, any Code of practice submitted for approval, which promotes desirable practices, in relation to the management of residential property. The Royal Institution of Chartered Surveyors (RICS) has amended its previously approved Code and has submitted the revised Code for approval.

- Proposal to debate the following 2 items together but with separate votes (15 munud)
 - Cynnig I gymeradwyo The Foot and Mouth Disease (Wales) Order 2006 o dan Reol Sefydlog 24.27
 - Cynnig I gymeradwyo The Foot and Mouth (Control of Vaccination)(Wales) Regulations 2006 o dan Reol Sefydlog 24.27

The Order and Regulations form part of three separate pieces of legislation required to transpose the Foot and Mouth EU Directive 2003/85, therefore, fulfilling the Assembly's obligations under European law. The other piece of legislation being the Animal Health Act (Amendment) Regulations 2005, which were approved in Plenary on 6 December 2005 and came into force on 10 January 2006.

The measures replace EEC 85/511 and EEC 92/46 EU measures to control and eradicate FMD, taking account of recent scientific developments and the experience gained in eradicating Foot and Mouth Disease (FMD) during the 2001 outbreak. In particular, the Directive EC 85/2003 moves emergency vaccination to the forefront of FMD control strategies, alongside the basic policy of slaughter of susceptible animals on infected premises and those identified as dangerous contacts.
