To All Assembly Members

21 March 2018

Dear Friend

In February I announced Active Travel funding of £8.1m, and a total of fifty-four active travel and road safety schemes across Wales received a share of the funding made available.

Since this announcement I am pleased to confirm that a further £700,000 has been awarded to Local Authorities for active travel schemes.

This funding will accelerate delivery of a range of active travel improvements linked to Welsh Government transport priorities in support of the landmark Active Travel (Wales) Act 2013.

A list of all the funding for active travel schemes awarded to Local Authorities is attached to this letter for your information.

Yours sincerely

**Ken Skates AC/AM**
