BERNARD GALTON (FCIPD) DIRECTOR GENERAL PEOPLE, PLACES AND CORPORATE SERVICES

Ms Finch-Saunders AM
National Assembly for Wales
Cardiff Bay
Cardiff
CF99 1NA

22 August 2012

Dear Ms Finch-Saunders

WAQ61081

You recently submitted a Written Assembly Question to the First Minister asking:

How many Welsh Government employees work in each of the Welsh Government office sites (e.g. Llandudno Junction, Cathays Park) and how many have flexible working hours at each of these sites.

I have attached a table which details numbers of Welsh Government staff at all locations as at 31 July 2012. For security, and health and safety, reasons we do not disclose staffing number details for any locations with less than 10 staff; these are indicated by an asterisk on the attached table.

We do not record centrally details of the numbers of staff with flexible working hours arrangements. Individual members of staff agree their working arrangements with their immediate line manager. Some posts, such as security guards and direct support services, require individuals to work standardised shift patterns. In other cases, an individual staff member may request, for personal reasons, that they are allowed to adopt a standardised working pattern, permanently or on a short-term basis, even if the post allows greater flexibility. In all cases, however, the requirement to meet our business objectives will be the deciding factor when determining the working pattern for an individual post.

I hope that this response adequately answers your question.

Yours sincerely

Bernard Galton

Welsh Government Staff Numbers by Location as at 31 July 2012
