Annex 2. Indicators and values used in the calculation of councils' Standard Spending Assessments

Annex 3. Glossary and Explanatory Notes

Annex 4. Statutory Basis for the Report

LOCAL GOVERNMENT FINANCE REPORT (NO.1) 2013-2014 (Final Settlement - Councils)

SECTION ONE: PURPOSE OF REPORT AND MAIN PROPOSALS

Chapter 1: Purpose of report

- 1.1 This report is made in accordance with the requirements of the Local Government Finance Act 1988 (“the 1988 Act”). It sets out how much revenue support grant (RSG) the Welsh Ministers propose to distribute to county and county borough councils (hereafter referred to as councils) in Wales in 2013-14 . The report also sets out how Non-Domestic Rates (NDR) will be distributed to councils; and states the amount of RSG the Welsh Ministers propose to pay to specified bodies providing services to local government.
- 1.2 This report specifically relates to receiving authorities (other than Police and Crime Commissioners), and specified bodies. The Local Government Act 2003 amended the 1988 Act to allow a separate Local Government Finance Report to be produced for Police and Crime Commissioners in Wales. The 1988 Act has been amended to make reference to police and crime commissioners following the commencement of section 1 of the Police Reform and Social Responsibility Act 2011.
- 1.3 Before making determinations about the overall amount of RSG and the respective shares of RSG and NDR to be distributed amongst receiving authorities and specified bodies, the Welsh Ministers consulted such representatives of local government as appeared appropriate from 16th October 2012 to 13th November 2012, as required by the 1988 Act.

LOCAL GOVERNMENT FINANCE REPORT (NO.1) 2013-2014 (Final Settlement - Councils)

Chapter 2: Main Proposals

Revenue Support Grant

- 2.1 The amount of RSG for councils in 2013-14 is £ 3,423,594 thousand. In addition, £ 3,104,892 of RSG is to be paid to specified bodies.
- 2.2 Under the system of distribution determined in this report, the amount of RSG to be paid to an individual council is determined by its standard spending assessment (SSA), taking account of the amount of NDR it will receive and also assuming the amount of council tax it is able to raise. Section 2 of this report describes how this process works.

Distributable amount: Non Domestic Rates

- 2.3 The distributable amount of NDR available for 2013-14 is £ 1,032 million defined as F in Section 2, Chapter 4. Therefore, the figure for councils is £ 949.4 million (which is the NDR less 8 per cent allocated to Police) . The basis upon which NDR is distributed to councils is fully described in Section 2, Chapter 4.

LOCAL GOVERNMENT FINANCE REPORT (NO.1) 2013-2014
(Final Settlement - Councils)

SECTION TWO: COUNCILS

Chapter 3: Calculation of the amount of Revenue Support Grant for each council

- 3.1 This chapter specifies the basis on which the Welsh Ministers will distribute the amount of RSG to be paid to councils in 2013-14.
- 3.2 The method by which SSAs for councils have been calculated is set out in Chapter 5. The calculation makes use of information reflecting the demographic, physical, economic and social characteristics of each area.
- 3.3 In order to calculate the amount of grant to be paid to each council, Welsh Ministers will first calculate the SSA for that authority. For this purpose, it is assumed that there is no use of, or contribution to, financial reserves.

The RSG entitlement for each council is calculated by applying the formula:

$$(A - B - (C \times D))$$

Where:

- A is the SSA for the council as calculated in accordance with Chapter 5;
- B is the council's share of the distributable amount from the non-domestic rating account as calculated in accordance with Chapter 4;
- C is the standard tax element for the council as specified in paragraph 3.4 below;
- D is the council tax base for RSG purposes for the council area as specified in Table 3.1.

LOCAL GOVERNMENT FINANCE REPORT (NO.1) 2013-2014 (Final Settlement - Councils)

Standard tax elements for calculating Revenue Support Grant entitlements

3.4 The appropriate “standard tax element” for councils is £ 963.28

Council tax base for distributing Revenue Support Grant

3.5 Each council is required to calculate its council tax base in accordance with regulations made under section 33(5) of the Local Government Finance Act 1992 (these are the Local Authorities (Calculation of Council Tax Base) (Wales) Regulations 1995 (as amended)¹). The calculation of the council tax base for the purpose of distributing RSG is made having regard to council tax base figures supplied to Welsh Ministers by councils on Form CT1 on or before 10 November 2012.

3.6 The council tax base figures for the purpose of distributing RSG are set out in Table 3.1 below. In order to ensure consistency across Wales no account is taken of councils’ assumptions about collection rates. For the purpose of distributing RSG, collection rates are assumed to be 100 per cent.

¹ SI 1995/2561 and see the Local Authorities (Calculation of Council Tax Base) (Wales) (Amendment) Regulations 1999 SI 1999/2935 (W27), the Local Authorities (Calculation of Council Tax Base) and Council Tax (Prescribed Classes of Dwellings) (Wales) (Amendment) Regulations 2004 SI 2004/3094 (W268).

Newport	55,531
Cardiff	141,226
<i>Wales total</i>	1,197,320

** Council Tax Base for 2013-14 is used for the Final Settlement*

Note: Figures shown in the above table are rounded versions of those actually used.

Note: An explanation of Band D equivalent properties is given in Annex 3 – Explanatory Notes.

LOCAL GOVERNMENT FINANCE REPORT (NO.1) 2013-2014 (Final Settlement - Councils)

Chapter 4: Calculation of the amount of non-domestic rates for each council

4.1 This chapter specifies the basis on which the Welsh Ministers will distribute among councils the appropriate share of the distributable amount from the non-domestic rating account for 2013-14. It will be distributed pro rata to adult population in each council's area, using the formula below:

$$(F \times 92\%) \times \frac{G}{H}$$

where:

F is the distributable amount, specified in paragraph 2.3 of Chapter 2 of this Report;

G is the resident population aged 18 years and over in each council area for the period up to the end of June 2011. The latest release takes into account the results of the 2011 Census derived from estimates by the Office for National Statistics and specified in Table 4.1 on the next page:
and

H is the population of Wales on the same basis as set out in respect of G above.

LOCAL GOVERNMENT FINANCE REPORT (NO.1) 2013-2014 (Final Settlement - Councils)

Note: Figures shown in the above table are rounded versions of those actually used.

LOCAL GOVERNMENT FINANCE REPORT (NO.1) 2013-2014 (Final Settlement - Councils)

Chapter 5: Calculation of the Standard Spending Assessment for each council

5.1 No part of the RSG for councils is earmarked for particular services. The relevant tables referred to in this section do not form a basis for calculating a notional allocation of either SSA or grant to individual councils for particular services.

5.2 The SSA of each council is determined following the methodology recommended by the Distribution Sub-Group (DSG) a sub group of the Partnership Council:

- the DSG methodology has identified a set of need indicators;
- the SSA units are those that are appropriate to apply to the indicators given in the table, following the DSG methodology; the size of the unit gives an indication of the appropriate level of spending associated with that indicator;
- each SSA unit shown alongside a need indicator is multiplied by the value of that need indicator;
- the sum of the resulting figures, together with an amount for debt financing and boundary changes, comprises that council's SSA.

5.3 The indicators used to determine the SSA for each council, and their definitions, are set out in Section 3, Annex 2.

5.4 Table 4 sets out the SSA determined for each council in Wales. The SSA units in Table 1 have been rounded to three decimal places as appropriate (if the fourth decimal place ends between 1 and 4 the figure is rounded downwards otherwise rounded upwards). Therefore the sum of the values calculated using Table 1, when added to the figures shown in Table 2 may not exactly equate with the amounts determined in Table 4.

LOCAL GOVERNMENT FINANCE REPORT (NO.1) 2013-2014
(Final Settlement - Councils)

SECTION THREE - ANNEXES TO THE REPORT

- Annex 1 Amount of Revenue Support grant to be paid to Specified Bodies**
- Annex 2 Indicators used in the calculation of councils' Standard Spending Assessments**
- Annex 3 Glossary and Explanatory Notes**
- Annex 4 Statutory Basis for the Report**

LOCAL GOVERNMENT FINANCE REPORT (NO.1) 2013-2014
(Final Settlement - Councils)

ANNEX 1: AMOUNTS OF REVENUE SUPPORT GRANT TO BE PAID TO SPECIFIED BODIES

The amount of RSG that the Welsh Ministers will pay to each specified body is the amount shown against its name in the right hand column of the table below:

Specified Body	£
Employers' Organisation for Local Government	323,000
National Foundation for Educational Research	33,000
The National Institute of Adult Continuing Education	41,110
Welsh Local Government Association ¹	2,707,782
TOTAL	3,104,892

¹ Note: WLGA figure includes £562,020 for Educational Psychologists

LOCAL GOVERNMENT FINANCE REPORT (NO.1) 2013-2014 (Final Settlement - Councils)

Notes to Table 1

Definitions of indicators used in the calculation of council Standard Spending Assessments

[NOTE: references to forms used to collect statistical data are Welsh Government forms]

1. *Population*

For the purpose of this Report, the population of an area and, except where otherwise indicated, the number of persons of any description in an area shall be the projected number at 30 June of the data year as calculated by the Welsh Government as usually resident in that area or the number derived from those projections.

2. *Population aged 11 to 15 and secondary school pupils in year groups 12 to 14*

The population of the council area (see note 1) plus the number of pupils at January of the year following the data year in year groups 12 to 14 at maintained secondary schools in the council area (aggregated from information reported by maintained schools on the Pupil Level Annual School Census (PLASC) return, and information from councils).

3. *Population aged 16 to 18 other than at school*

The projected population of the council area (see note 1) less the number of pupils at January of the previous PLASC data year in year groups 12 to 14 at maintained secondary schools in the council area (aggregated from information reported by maintained schools the PLASC return, and information from councils).

4. *Enhanced population*

The total population of the council area (see note 1) plus the number of overnight visitors from within and outside the United Kingdom and the number of day visitors, based on estimates provided by the Scarborough Tourism and Economic Activity Model (compiled from information collected by Global Tourism Solutions (UK) Ltd in the publication 'STEAM in Wales: Executive Summaries').

5. *Primary school pupils and modelled nursery school pupils*

The number of pupils aged 4 and over at January of the data year at maintained primary and nursery schools excluding special schools in the council area, plus pupils aged 5 to 10 inclusive at independent schools excluding special schools and special education for which the council pays full tuition fees. An estimate for nursery pupils aged 3 is also included by taking the population of that age group in the council and scaling the number down by the proportion of 3 year olds in nursery schools for Wales as a whole. Part-time pupils have been given a weighting of one-half (aggregated from information reported by maintained schools on the PLASC return, and information from councils).

LOCAL GOVERNMENT FINANCE REPORT (NO.1) 2013-2014 (Final Settlement - Councils)

6. *Secondary school pupils*

The number of pupils in year groups 7 to 11 in the data year at maintained secondary schools in the council area excluding special schools; plus pupils aged between 11 and 15 at independent schools for whom the council pays full tuition fees, excluding special schools and special education (aggregated from information reported by maintained schools on the PLASC return and information from councils).

7. *Secondary school pupils in year groups 10 and 11*

The number of pupils in year groups 10 and 11 in the data year at maintained secondary schools in the council area excluding special schools; plus pupils at independent schools for whom the council pays full tuition fees, excluding special schools and special education (aggregated from information reported by maintained schools on the PLASC return and information from councils).

8. *Primary school pupils eligible for free school meals*

The number of pupils registered on roll that were eligible for a free school meal at January of each year at maintained nursery and primary schools, attending reception class onwards, in the council area (aggregated from information reported by maintained schools on the PLASC return).

9. *Secondary school pupils eligible for free school meals*

The number of pupils registered on roll that were eligible for a free school meal at January of each year at maintained secondary schools, attending years 7 to 11, in the council area (aggregated from information reported by maintained schools on the PLASC return).

10. *Area per modelled primary school index*

Land area divided by a modelled number of primary schools within the council. Land area is defined as the high water mark area of land in hectares as at May of the data year. The data are calculated by the Cartographic Unit, Welsh Government, using Ordnance Survey's Boundary Line data. The modelled number of schools is derived using regression methods, taking into account the number of pupils in maintained primary schools (see note 5) and the population settlement indicator with a threshold of 1000 (see note 22). Modelled rather than actual school numbers are used to avoid perverse incentives. Distribution Sub Group paper 41 (2000) describes the calculation of modelled number of schools.

11. *Area per modelled secondary school index*

Land area divided by a modelled number of secondary schools within the council. Land area is defined as the high water mark area of land in hectares as at May of the data year. The data are calculated by the Cartographic Unit, Welsh Government, using Ordnance Survey's Boundary Line data. The modelled number of schools is derived using regression methods, taking into account the number of pupils in maintained

LOCAL GOVERNMENT FINANCE REPORT (NO.1) 2013-2014 (Final Settlement - Councils)

secondary schools (see note 6,7) and the population settlement indicator with a threshold of 7500 (see note 22). Modelled, rather than actual, school numbers are used in order to avoid perverse incentives. Distribution Sub Group paper 50 (2000) describes the calculation of modelled number of schools.

12. *Dependent children in households where head is in National Statistics Socio-economic Classification 6, 7 or 8*

The number of dependent children resident in households where the head of household is classed as being in a semi-routine occupation, routine occupation or never worked or long term unemployed (NS-SeC 6, 7 or 8) (2001 Population Census).

13. *Dependent children in lone adult households*

The number of dependent children resident in households where there is only one resident adult (2001 Population Census).

14. *Dependent children in social rented housing*

The number of dependent children resident in households in social rented housing (2001 Population Census).

15. *Dependent children in overcrowded housing*

The number of dependent children resident in overcrowded housing (2001 Population Census).

16. *Pensioners living alone in households*

The number of persons of pensionable age (males and females aged 65 and over) residing alone in households (2001 Population Census).

17. *Pensioners with a limiting long-term illness*

The number of usually resident persons of pensionable age (males and females aged 65 and over) with a limiting long-term illness (2001 Population Census).

18. *Households (where head is aged 18 to 64) with no carer*

The number of households containing a person with a limiting long-term illness (where the head of household is aged between 18 and 64) and no carer (2001 Population Census).

19. *Adults in non-white ethnic groups*

The number of persons aged between 18 and 64 in non-white ethnic groups per head of the population aged 18 to 64 (2001 Population Census).

LOCAL GOVERNMENT FINANCE REPORT (NO.1) 2013-2014 (Final Settlement - Councils)

20. *Population aged under 18 in wards with population weighted density greater than the Welsh average*

The total number of persons aged under 18 usually resident in the council area who reside in wards where the result of multiplying the usually resident population aged under 18 by the usually resident population and dividing by the area in hectares is greater than the average over all Welsh wards (2001 Population Census).

21. *Dispersion, with various thresholds*

This is a measure designed to capture the additional time and distance costs associated with service delivery to dispersed communities. The parameter is calculated to settlement centroids within each authority with “key” settlements defined on the basis of varying population threshold criteria (report commissioned by the National Assembly for Wales from Pion Economics and NWRRL “The Derivation of Population Distribution Measures for Use in the Calculations of SSAs in Wales”) (National Assembly for Wales).

22. *Settlement, with various thresholds*

The population in each authority outside settlements above the specified threshold population size using the population figures from the 1991 Population Census (report commissioned by the National Assembly from Pion Economics and NWRRL “The Derivation of Population Distribution Measures for Use in the Calculations of SSAs in Wales”) (National Assembly for Wales).

23. *Population within settlement threshold*

The population in each authority within settlements above the specified threshold population size using the population figures from the 1991 Population Census (report commissioned by the National Assembly from Pion Economics and NWRRL “The Derivation of Population Distribution Measures for Use in the Calculations of SSAs in Wales”) (National Assembly for Wales).

24. *Total number of Income Support Claimants (MIG and Non-MIG), Income Based Jobseeker’s Allowance Recipients or Pension Credit Claimants*

The estimated number of claimants of Income Support (MIG and Non-MIG) or recipients of Income Based Jobseeker’s Allowance or claimants of Pension Credit, taken on a quarterly basis and averaged over the 12 quarters up to and including February of the data year (NOMIS).

25. *Dependant children in out of work families*

The estimated number of children in out of work families, during the data year (Her Majesty’s Revenue and Customs)

26. *Number of Income Support Claimants (MIG and Non-MIG), Income Based*

LOCAL GOVERNMENT FINANCE REPORT (NO.1) 2013-2014 (Final Settlement - Councils)

Jobseeker's Allowance Recipients or Pension Credit Claimants aged 18-64

The estimated number of claimants of Income Support (MIG and Non-MIG), recipients of Income Based Jobseeker's Allowance or claimants of Pension Credit, who are aged 18-64, taken on a quarterly basis and averaged over the 12 quarters up to and including February of the data year (NOMIS).

27. *Number of Income Support Claimants (MIG and Non-MIG) or Pension Credit Claimants aged 65+*

The estimated number of claimants of Income Support (MIG and Non-MIG) or Pension Credit, who are aged 65+, taken on a quarterly basis and averaged over the 12 quarters up to and including February of the data year (NOMIS).

28. *Number of Severe Disablement Allowance or Disability Living Allowance Claimants aged 18-64*

The estimated number of claimants of Severe Disablement Allowance or Disability Living Allowance who are aged 18-64, taken on a quarterly basis and averaged over the 12 quarters up to and including February of the data year (NOMIS).

29. *Number of deaths from all causes*

Deaths by 'local authority of usual residence' including numbers and standardised mortality ratios (SMRs) by sex (2011 registrations), compiled by the (Office for National Statistics (ONS)).

30. *Economic development index*

An index derived from the statistical analysis of Gross Value Added and working age population (see note 1) set out in Distribution sub group paper 35 (2007).

31. *Total homelessness decisions*

The number of total homelessness decisions taken by eligibility and unitary authority, averaged over three years up to and including that ending in the data year (as reported by councils to the Welsh Government on form WHO12).

32. *Housing General Capital Funding (GCF)*

GCF is provided to unitary authorities for capital projects on an unhypothecated basis. The calculation of the Housing funding is distributed on a formula basis using a variety of indicators such as total repair costs (2008 Living in Wales Survey), private dwelling stock estimates, amount of grants for completed Disabled Facilities Grants (DFGs) and 2001 Census data.

33. *Planning applications received*

LOCAL GOVERNMENT FINANCE REPORT (NO.1) 2013-2014

(Final Settlement - Councils)

The number of planning applications received during each financial year averaged over the three financial years up to and including that ending in the data year (as reported by councils as part of the Welsh Government Development Control Quarterly Survey).

34. *Urban road length*

The total length in kilometres at 1 April of the data year of those roads within the council's area, excluding trunk roads, subject to a speed limit not exceeding 40 miles per hour (as derived from estimates reported by councils on form TP1).

35. *Weighted road length*

The total length in kilometres at 1 April of the data year, of those roads within the council's area, excluding trunk roads, with weightings of 3.2 for principal roads and 1.0 for all other local roads (as derived from estimates reported by councils on form TP1).

36. *Traffic flow*

The 'annual traffic flow' in vehicle kilometres for the data year on principal roads within the council's area (as derived from estimates from the National Road Traffic Survey, Department of Transport).

37. *Street lighting units*

The number of street lighting units within the council area at 1 April of the data year (as reported by councils to the Welsh Government).

38. *Length of artificially protected coastline*

This is defined as the aggregate of the lengths in kilometres of coastline at 1 April of the data year where capital works have been carried out under the Coast Protection Act 1949 or any earlier similar legislation, exclusive of those lengths owned and maintained by private interests or by public bodies other than councils.

39. *Ships arriving at ports*

The estimated number of ships arriving at ports in the council area in the data year, excluding vessels employed in supply, dredging or dumping at sea (Department for Transport).

40. *Dwellings*

The number of domestic hereditaments as at 31 July of the data year (Valuation Office Agency).

41. *Food premises*

The number of business hereditaments falling within the classes Food (as defined by

LOCAL GOVERNMENT FINANCE REPORT (NO.1) 2013-2014 (Final Settlement - Councils)

the Welsh Government and agreed by DSG (2000) Paper 55) as at 1 April of the data year (Her Majesty's Revenue and Customs).

42. *Trading premises*

The number of business hereditaments classified as commercial, industrial and leisure properties as at 1 April of the data year (Her Majesty's Revenue and Customs).

43. *Land drainage levies*

The amounts levied on the council by the Internal Drainage Boards for the financial year taken from the Annual Reports for the IDBs provided to the Welsh Government.

44. *National park levies*

The amounts to be levied on councils by the National Park Authorities for the financial year stated. Where the levy is to be borne by more than one council, the apportionment is according to the percentages specified in the National Park Authorities (Levies) (Wales) Regulations 1995 (SI 1995/3019 as amended)¹.

45. *Deprivation grant*

The former deprivation grant maintains a historic allocation based on the WIMD 2000.

46. *Cymorth Core Costs Grant*

The Cymorth Core Costs Grant is an equal share per authority.

47 *Strategy for Older people grant*

The Strategy for Older people grant is an equal share per authority

48 *Housing Benefit Recipients*

The number of Housing Benefit recipients by local authority taken from the Single Housing Benefit Extract (SHBE) from Department for Work and Pensions (DWP). An average of 24 months leading up to May of the data year are taken.

49 *Local Government Borrowing Initiative*

Allocation of the Local Government Borrowing Initiative is distributed fixed on the 2012-13 Road Maintenance Formula.

50 *Post SEN Grant*

¹ See (i) the National Parks Authorities (Levies) (Wales) (Amendment) Regulations 1996 SI 1996/2913; and (ii) the Financial Services and Markets Act 2000 (Consequential Amendments and Repeals) Order 2001 SI 2001/3649.

LOCAL GOVERNMENT FINANCE REPORT (NO.1) 2013-2014 (Final Settlement - Councils)

The grants are based on recorded expenditure for 2011-12.

51 *Learning Disabilities Resettlement Grant*

The grant is based on recorded expenditure for 2012-13

52 *Council Tax Support*

The indicator is recorded expenditure on Council Tax Benefits for 2011/12.

53 *DataTank Forecast*

The Indicator is based on an extract from the DataTank system on 14 November 2012, removing the second adult rebate and setting the maximum liability to 90 per cent. This gives forecasted council tax support expenditure.

Newport	14,527,681
Cardiff	29,876,253
Wales	310,974,384

LOCAL GOVERNMENT FINANCE REPORT (NO.1) 2013-2014 (Final Settlement - Councils)

Notes to Table 2

The sum shown for each council comprises the following items:

1. An adjustment in respect of the boundary changes that took place on 1 April 2005¹, based on the transfers of total resident population between the areas affected as estimated using information from the 2001 Population Census.
2. Debt financing component of SSAs for councils. The components of debt financing are repayments and interest for pre- and post-31/04/04 debt, leasing charges and a reduction in respect of capital financing grants. The rate of repayment assumed is 4 per cent and the rate of interest used is the pool rate of interest for 2013-14, which is calculated at 5.9 per cent. A detailed description of the calculation is given in paragraphs (a) to (f) below.

Note: In paragraphs (a) to (f) below wherever information is only available for areas other than the areas of the councils, it is apportioned to the councils on the basis of the number of persons at 30 June of the year in question, estimated by the Registrar General as usually resident in the areas concerned, except where different apportionments have been agreed between specific councils (as notified by the Welsh Government).

(a) The amount of the notional credit ceiling in any one year is based upon that set out on the Capital Outturn Return (5) forms for 31st March 2004 reported during 2005 for the councils and fire authorities. The assumed credit ceilings are given in Table 3. An adjustment is made for two year supplementary credit approvals not wholly taken up in the first year of issue and notified to the National Assembly.

(b) Councils are assumed to repay 4 per cent of any notional credit ceiling as at the start of the settlement year on a reducing balance basis. New debt is added to the notional credit ceiling in each year equivalent to each authority's allocation of supported borrowing for the relevant year available to the Welsh Ministers when their calculations were made. This method of rolling forward the notional ceiling is set out in Distribution sub group paper 26 (2009).

(c) Interest payments on any notional credit ceiling in respect of (a), as reduced by the annual repayment described in (b), are determined as the result of applying the pool rate of interest to the average notional total credit ceiling during 2012-13.

(d) The capital-financing component of each council in respect of debts incurred is the sum of:

¹ The boundary changes made by the Neath Port Talbot and Powys (Cwmtwrch) Order 2004 SI 2004/2746 (W244).

LOCAL GOVERNMENT FINANCE REPORT (NO.1) 2013-2014 (Final Settlement - Councils)

the repayments for 2013-14 described in (b) above and the interest payments described in (c),

(e) The component in respect of pre-1990 leasing charges and attributed to councils is derived from information collected from local authorities to validate the leasing data provided on Revenue Outturn (RO) forms.

(f) The component in respect of capital financing grants from debts incurred on or before 31 March 1990 by probation committee areas and magistrate's court committee areas and attributed to councils is derived from information on the amount payable to each probation committee area and magistrate's court committee area in the year 2013-14, provided by the National Offender Management Service and HM Courts Service.

The debt-financing component of each council's SSA is the sum of the amounts described in (d) and (e), less the amount described in (f) below.

Figures may not sum due to rounding.

LOCAL GOVERNMENT FINANCE REPORT (NO.1) 2013-2014 (Final Settlement - Councils)

ANNEX 3: GLOSSARY AND EXPLANATORY NOTES

This glossary offers explanations of some of the key technical terms used in the report.

Band D equivalent properties For the purposes of the council tax, each property has been given a valuation in terms of a band. These bands range from band A up to band I and the council tax bills for each band vary according to a set of multipliers. These multipliers vary from sixth ninths for a band A property to two and three-ninths for a band I property while the multiplier for a band D property is one. The number of band D equivalent properties in an authority is the total number of domestic dwellings expressed in terms of their relation to band D. For example, one band H property is equivalent to two band D properties, because it pays twice as much council tax.

Billing Authorities are local authorities empowered to set local charges and issue bills for the council tax and the non-domestic rates on behalf of itself and other authorities in the area. In Wales, the billing authorities are county and county borough councils.

Council Tax Base of an area is equal to the number of band D equivalent properties, after adjustment for discounts and exemptions. Discounts are available to people who live alone, and to owners of homes that are not anyone's main home. Council Tax is not charged for certain properties, known as exempt properties, such as those lived in only by students. The description of how the tax base is calculated and used in the calculation of RSG is at paragraph 3.5 in section 2 of this Report.

Council Tax for Standard Spending is the level of council tax for a band D property which would be charged in all parts of Wales if all councils and Police Force Areas spent at the level of their SSA. This figure is used to work out how the amount of RSG payable to councils should be shared among them, and similarly how the amount of RSG payable to Police and Crime Commissioners should be shared out.

Distribution Sub Group (DSG) is a working group of the Partnership Council's Consultative Forum on Finance. Copies of its reports, remits and details of membership are available from the Welsh Government's Local Government Finance Division.

Non-Domestic Rates are the property tax paid by businesses. All business rates are paid into a central pool administered by the Welsh Assembly Government for redistribution to councils and Police and Crime Commissioners.

Qualifications affecting council tax calculation: RSG is distributed to enable each council to set broadly the same council tax for dwellings listed in the same valuation band. For each council it is assumed that the council tax base used for RSG distribution is calculated in accordance with the relevant secondary legislation (The Local Authorities (Calculation of Council Tax Base) (Wales) Regulations 1995 SI

LOCAL GOVERNMENT FINANCE REPORT (NO.1) 2013-2014 (Final Settlement - Councils)

1995/2561, (as amended)¹. Secondly, it is assumed that the application of section 35 of the Local Government Finance Act 1992 (“special items”) will result in the same council tax for dwellings listed in the same valuation band across the whole of a council’s area.

Receiving Authorities are councils. RSG is paid to each receiving authority.

Specified bodies are bodies which provide services for local authorities and are specified in the Revenue Support Grant (Specified Bodies) (Wales) Regulations 2000 SI 2000/718 (as amended)².

SSAs (Standard Spending Assessments) are notional assessments for RSG distribution purposes of each council's need to spend on revenue services, excluding specific grants.

Standard tax element is the portion of the council tax for standard spending attributable to each class of receiving authority. It is a common figure for each authority within a class. The two classes of authorities in Wales are councils and Police and Crime Commissioners.

¹ See the Local Authorities (Calculation of Council Tax Base) (Wales) (Amendment) Regulations 1999 SI 1999/2935 (W27) and the Local Authorities (Calculation of Council Tax Base) and Council Tax (Prescribed Classes of Dwellings) (Wales) (Amendment) Regulations 2004 SI 2004/3094 (W268).

² See the Revenue Support Grant (Specified Bodies) (Amendment) (Wales) Regulations 2003 SI/706 (W.85) and the Revenue Support Grant (Specified Bodies) (Wales) (Amendment) Regulations 2006 SI 2006/764 (W.73).

LOCAL GOVERNMENT FINANCE REPORT (NO.1) 2013-2014 (Final Settlement - Councils)

ANNEX 4: STATUTORY BASIS FOR THE REPORT

1. The Local Government Finance report is made under section 84G (Local government finance reports) of the Local Government Finance Act 1988 (“the 1988 Act”) as amended by the Local Government Act 2003 (“the 2003 Act”). Section 84G was inserted into the 1988 Act by section 40 and paragraph 1 of Schedule 2 to the 2003 Act. The report will have effect for the financial year 2013-14 if approved by resolution of the National Assembly for Wales.

Amount of RSG and redistributed non domestic rates

2. Section 84F (Determination of grant) of the 1988 Act requires the Welsh Ministers to determine the amount of RSG for each financial year; how much they propose to pay to receiving authorities (county and county borough councils) and how much it proposes to pay to specified bodies.
3. Specified bodies are bodies which provide services for local authorities and are specified in Revenue Support Grant (Specified Bodies) (Wales) Regulations 2000 (as amended by the Revenue Support Grant (Specified Bodies) (Wales) (Amendment) Regulations 2003 SI 2003/706 (W.85) and the Revenue Support Grant (Specified Bodies) (Wales) (Amendment) Regulations 2006 SI 2006/764 (W.73)).

Basis of distributing RSG

4. Section 84G requires Welsh Ministers to make a report setting out its determinations under section 84F and to specify the basis on which RSG is to be distributed amongst the receiving authorities and specified bodies.

Redistributed Non Domestic Rates

5. Paragraph 9A of Schedule 8 (Years where two local government finance reports prepared for Wales) to the 1988 Act requires the Welsh Ministers to specify in the first report the distributable amount from the non-domestic rating account. Under paragraph 11A (Distribution: local government finance reports) of the same Schedule the Welsh Ministers are required to set out in the report the basis (the basis of distribution) on which the distributable amount will be distributed among receiving authorities.
