The Minister for Health and Social Services (Lesley Griffiths): Preventing avoidable harm, including reducing avoidable mortality is a key priority of the NHS in Wales. Mortality in hospital is a tier 1 indicator within the Annual Quality Framework and is currently monitored monthly at Local Health Board (LHB) level. This is reported locally by LHB Boards and is therefore publically available. However I have asked my officials to publish this on all-Wales basis. I will write to you as soon as this is available.
